**ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY**

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/16fam/index.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. "MEDICAL EVACUATION (MEDEVAC) SERVICES."

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer's liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled "Emergency and Irregular Travel and Transportation." In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible

Solicitation for a USPSC Field Coordinator
SOL-OFDA-14-000012

following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
