POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams

(DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manage global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

INTRODUCTION

Senior Disaster Operations Specialists (SDOSs) play a central role in the U.S. Government's (USG's) disaster response, humanitarian assistance, and disaster risk reduction programs. Their core function is to manage a complex portfolio of humanitarian interventions and assist in USG policy engagement within an assigned portfolio. They are members of regionally focused humanitarian response teams consisting of a Senior Regional Advisors, Senior Humanitarian Advisors, Program Officers, Field Monitors, Team Leaders, Deputy Team Leaders, Disaster Operations Advisors and Specialists, and /or Program Assistants

SDOSs are part of Africa Division and will be assigned to one of two regional teams covering the following areas: Southern, Western and Northern Africa (SWAN), East and Central Africa (ECA) and Sudan. Each regional team is managed by a Team Leader and Deputy Team Leader.

OBJECTIVE

OFDA's Africa Division requires the services of multiple SDOSs to enhance its capability to manage its portfolios and effectively respond to international crises and disasters.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

Working under the guidance and supervision of the Team Leader and Deputy Team Leader for the assigned Africa region of responsibility, the Senior Disaster Operations Specialist will be assigned to one or more complex portfolios which will require significant USG policy engagement and humanitarian program management. SDOSs can expect to move between portfolios depending on the changing nature of OFDA's humanitarian engagement and the needs of the office. The SDOS will work in close collaboration with a program team that may include Senior Regional Advisors, Senior Humanitarian Advisors, Program Officers, Field Monitors, Team Leaders, Deputy Team Leaders, Disaster Operations Advisors and Specialists, and /or Program Assistants, depending on the portfolio assigned. The SDOS will perform the following within the assigned portfolio:

Contextual Specialty:

- Monitor incipient disasters, international disaster response plans and efforts, and major humanitarian issues and challenges in the area of responsibility through a wide range of USG and international sources;
- Maintain regular contact with OFDA field representatives and the OFDA Regional Office to maintain current triangulated understanding of existing and impending humanitarian crises in the area of responsibility;
- Review and monitor national disaster risk reduction efforts and plans in the area of responsibility in collaboration with regional team;
- Assist in identifying humanitarian issues, priorities, lessons learned, and opportunities in the region of responsibility and applying those to program strategy development and implementation.

Solicitation for a USPSC Senior Disaster Operations Specialist (Multiple Positions)
SOL-OFDA-15-000010

- Maintain an in-depth understanding of political, humanitarian, organizational, and stakeholder interests specific to the region of responsibility.
- Prepare and/or provide substantive assistance in the preparation of, regular strategic and analytical reports on current or anticipated emergencies, as well as comprehensive preparedness documentation on assigned countries.

Portfolio Management:

- Work with implementing organizations regarding project proposals submitted for OFDA funding to ensure proposals meet OFDA's program objectives and grant guidelines;
 - Prepare all documentation to obtain timely grant project approval;
 - Input appropriate award data into Office and Agency administrative and financial tracking systems;
 - Track program reports from grantees and ensure reports are received in a timely manner; review program reports to ensure that program objectives have been achieved; collate input from report for feedback to grantee, and share reports with regional team member, as appropriate;
 - Upon completion of programs, close out awards according to Agency policies, identifying funds for de-obligation and/or equipment for disposition;
 - Expedite the flow of programmatic and other documents through the clearance process
- Become certified and serve as an Agreement Officer's Representative/Contracting Officer's Representative (AOR/COR) for assistance awards, as assigned;
- Review the conceptual soundness, technical feasibility, and budget for disaster assistance activities and emergency projects;
- Review and process all award documentation according to OFDA's Grant Guidelines, USAID Automated Directives Systems (ADS), and Federal Regulation including coordinating multi-unit participation and ensuring timely proposal review and processing;
- Provide regional support as needed to OFDA field operations to include monitoring of OFDA programs, assessments, strategy development and general field office coverage.
- Participate actively in the program strategy development process for the assigned portfolio; which may include coordinating input and editing.
- Assist the team in the coordination, development, and drafting of written program planning documents that may include event and scenario based contingency planning, staff planning analysis, and budget options.

Representation:

- Represent humanitarian concerns and priorities from the OFDA perspective in oral and written briefings, as well as coordination and policy development meeting to include the following:
 - Meetings with individual and groups of implementing partners discussing programmatic priorities, objectives, progress, results, and challenges;
 - Discussions, meetings, and papers informing USG foreign policy in areas with humanitarian concerns or impacts;
 - USG Interagency forums;
 - Coordination mechanisms with the DCHA bureau and USAID.

SOL-OFDA-15-000010

Leadership:

- Serve as peer mentor to DOSs and program assistants on grants management and portfolio management, to include OFDA's business process, portfolio-specific budget and workload management, and post-award monitoring and management;

General Duties:

- Travel should be expected at 10-20% to monitor the program portfolio, participate in strategy development, and to assist in office coverage. Additional travel opportunities will be available but not required.
- Sign-up for and serve as needed, on Washington-based Response Management Teams (RMTs), which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- Serve as the OFDA after-hours duty officer on a rotational basis, for approximately one week every six months; and
- As needed, serve on Disaster Assistance Response Teams (DARTs) which may require immediate (within 24 hours) deployment overseas for an extended period of time.

SUPERVISORY RELATIONSHIP:

The USPSC will take direction from and report to the Team Leader or his/her designee.

SUPERVISORY CONTROLS:

Supervisor sets overall objectives and resource available; the USPSC consults with supervisor to develop deadlines, projects and work to be done. The USPSC is responsible for planning and carrying out assignments. The USPSC is responsible for planning approach or methodology to be used in carrying out assignments.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on Disaster Assistance Response Teams (DARTs) (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on Disaster Assistance Response Teams (DARTs) (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

12. START DATE: Immediately, once necessary clearances are obtained.

13. POINT OF CONTACT: See Cover Letter.

ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16
FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/c23002.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. "MEDICAL EVACUATION (MEDEVAC) SERVICES."

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer's liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled "Emergency and Irregular Travel and Transportation." In the event of a medical emergency, when time does not

Solicitation for a USPSC Senior Disaster Operations Specialist (Multiple Positions)
SOL-OFDA-15-000010

permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
