Your resume should contain sufficient information to make a valid determination that you fully meet the experience requirements as stated in this solicitation. This information should be clearly identified in your resume. Failure to provide information sufficient to determine your qualifications for the position will result in loss of full consideration.

2. Supplemental document specifically addressing the Quality Ranking Factors (QRFs) shown in the solicitation.
3. USPSC Application form AID 302-3. Applicants are required to complete sections A through I. This form must be physically signed. Electronic signatures will not be accepted.

NOTE ABOUT THE DATA UNIVERSAL NUMBERING SYSTEM/SYSTEM FOR AWARD MANAGEMENT REQUIREMENTS

All USPSCs with a place of performance in the United States are required to have a Data Universal Numbering System (DUNS) number and be registered in the System for Award Management (SAM) database prior to receiving an offer. You will be disqualified if you either fail to comply with this requirement or if your name appears on the excluded parties list. The selectee will be provided with guidance regarding this registration.

Additional documents submitted will not be accepted. Incomplete or late applications will not be considered. OFDA reserves the right to select additional candidates if vacancies become available during future phases of the selection process.

Applicants can expect to receive a confirmation email when application materials have been received. Applicants should retain for their records copies of all enclosures which accompany their applications. Your complete resume and the supplemental document addressing the QRFs must be mailed, delivered or emailed to:

May 31, 2016 at 12:00PM Eastern Time
September 30, 2016 at 12:00PM Eastern Time

Candidates not selected during a previous review period must reapply in order to be considered for positions available in subsequent review periods. A review period may be cancelled at OFDA's discretion.

4. **POSITION TITLE:** Support Relief Group Generalist
5. **MARKET VALUE:** GS-13 equivalent \$73,115 - \$95,048 (Hourly Rate: \$35.03 - \$45.54) (Daily Rate: \$280.24 - \$364.32) – does not include locality pay. Final compensation will be negotiated within the listed market value based upon the candidate's past salary, work history, and educational background. **Salaries over and above the top of the pay range will not be entertained or negotiated.**
6. **PERIOD OF PERFORMANCE:** One (1) year with four (4) one-year options

STATEMENT OF LIMITATIONS ON PERIOD AND PLACE OF PERFORMANCE:

The purpose of this contract is to establish an employee/employer relationship with the contractor to perform services on a temporary, on-call, basis as part of the SRG. OFDA intends to contract for these services for a maximum of 250 days per calendar year. Activation days vary but will not exceed 250 days during each contract year.

The level of effort anticipated under this contract will be provided within the terms of this contract at times mutually agreed to by OFDA and the contractor. Upon identification of a temporary need within the scope of work, OFDA will contact the contractor and provide the following information:

1. Date contractor is needed to report to OFDA or assignment in the field
2. Duration of Assignment
3. Place of Performance

The contractor will notify OFDA within 24 hours of availability. At the time the contractor accepts the assignment, he/she is expected to commit for the duration of the assignment.

Solicitation for a USPSC Support Relief Group Generalist (Multiple Positions)
SOL-OFDA-15-000014

While the contractor will be required to commit to a certain time period, it is understood that the exigencies of a disaster may require the assignment to be extended (not to exceed 250 days). The contractor shall notify OFDA at the time of commitment if their existing schedule would preclude an extension. Notification of schedule conflicts shall not necessarily disqualify the contractor from the assignment but will simply assist OFDA in recruiting a replacement. Subsequently, if the contractor agrees to an extension of the duration of a particular assignment, thereafter, the contractor will be required to give OFDA 10 days' notice for release from the assignment.

7. PLACE OF PERFORMANCE: Worldwide

8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

SOL-OFDA-15-000014

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology, human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions in the areas of Information Technology, staffing, funds control, budgeting, human resource management, and procurement to facilitate timely disaster responses. The PS Division is divided into four teams: the Award Change Control Group (ACCG), Human Resources Management Team (HRM), Budget, Finance, and Information Technology (BFIT) Team, and the Acquisition and Management (ACQ) Team.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. The HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manages global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

INTRODUCTION

Support Relief Group (SRG) is a program developed by OFDA to satisfy its growing need for surge capacity. The primary roles of SRG contactors include intermittent backfill for permanent staff overseas, cover vacancies domestically, and to respond to numerous disasters worldwide in a timely manner. Currently, about half of all SRG activations are domestic and half overseas in various capacities.

The SRG program brings on board select candidates who work for discrete periods, on an intermittent basis for no more than 250 days per calendar year, and can be deployed within hours to facilitate OFDA's response to disasters, or to backfill staff in Washington and other locations.

Solicitation for a USPSC Support Relief Group Generalist (Multiple Positions)
SOL-OFDA-15-000014

SRG staff can be used for as little as a day or up to several months at a time. SRG positions are contracted for an initial period of one year with the option to extend up to five years.

The SRG program is managed by the Overseas Administration Team (OAT) in OFDA's Operations Division. This team maintains information for all SRG personnel, providing information to the rest of OFDA on their availability, skills and previous OFDA experience. OAT assists the program offices within OFDA in choosing the best qualified SRG for any specific task, and provides administrative and personnel support to existing SRG. Each SRG incumbent will provide enhancement to the OFDA team according to his/her skills. They will be considered part of OFDA/Washington resources that can be deployed worldwide. At times they may also be a resource for the DCHA Bureau. Foreign language ability in one or more major world languages is preferred.

OBJECTIVE

OFDA needs to maintain a roster of SRG personnel to meet its surge capacity objectives. Each SRG is deployable to backfill Washington positions, to be assigned to field offices for staff enhancement, to serve on various response teams, both domestically and overseas, as disaster response demands, and to assess critical situations as warranted.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The requirement can be either based in the US or overseas:

To backfill for permanent staff or permanent staff vacancies either in Washington or overseas, perform disaster assessments, and/or respond to humanitarian emergencies - natural, technological and conflict-related disasters, as required. The contractor will be required to travel on short notice as a critical component of a U.S. Government disaster and humanitarian response.

The General Disaster SRG GS-13 Equivalent may perform the following tasks as needed by OFDA:

- Provide backfill to OFDA headquarters or field staff;
- Develop and maintain a detailed understanding of OFDA's program strategy and the implementation of the resulting awards;
- Support regional team efforts to develop appropriate programmatic strategies for disaster responses and disaster risk reduction efforts;
- Review and process all award documentation according to OFDA's Grant Guidelines, USAID Automated Directives Systems (ADS), and Federal Regulation including coordinating multi-unit participation and ensuring timely award approval;
- Review, track and process budgets; award data; post-award management issues; program reports; and feedback throughout all stages of the award process, including entry into appropriate administrative and financial systems and reporting on program objectives;
- Represent OFDA in meetings with individual partners discussing programmatic priorities, objectives, progress, results, and challenges

Solicitation for a USPSC Support Relief Group Generalist (Multiple Positions)
SOL-OFDA-15-000014

- In close coordination between the field, including the Principal Regional Advisor (PRA), and headquarters, including the Regional Team Leader and Disaster Operations Specialist (DOS), work with non-governmental organizations (NGOs); international organizations (IOs); and United Nations (UN) agencies that are developing proposals for OFDA (including grant amendments and extensions). Ensure that draft proposals are in compliance with “OFDA's Guidelines for Unsolicited Proposals and Reporting.”
- Review concept papers and proposals, and provide recommendations/comments to OFDA for final funding determination;
- Assist headquarters based Agreement Officer’s Representatives in managing humanitarian awards by providing field-based insights, knowledge, and perspectives;
- Serve on a Washington Response Management Team, as appropriate;
- Serve on a Disaster Assistance Response Team (DART), as appropriate;
- Engage in appropriate training as a participant or as a subject matter expert.

SUPERVISORY RELATIONSHIP: In general, incumbents will take direction from and report to the OAT Leader or his/her designee. When activated, that person designated is his/her supervisor in the Staffing Authorization.

SUPERVISORY CONTROLS: Supervisor provides administrative directions in terms of broadly defined missions or functions. Employee independently plans, designs and carries out programs, projects, studies or other work. Results are considered authoritative and are normally accepted without significant change.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on DARTs (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on DARTs (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

12. START DATE: Immediately, once necessary clearances are obtained.

13. POINT OF CONTACT: See Cover Letter.

EDUCATION/EXPERIENCE REQUIRED FOR THIS POSITION

(Determines basic eligibility for the position. Applicants who do not meet all of the education and experience factors are considered NOT qualified for the position.)

ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16
FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/c23002.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. "MEDICAL EVACUATION (MEDEVAC) SERVICES."

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer's liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled "Emergency and Irregular Travel and Transportation." In the event of a medical emergency, when time does not

Solicitation for a USPSC Support Relief Group Generalist (Multiple Positions)
SOL-OFDA-15-000014

permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
