8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

SOL-OFDA-15-000019

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. The HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manage global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE

Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

INTRODUCTION

The Ebola outbreak in West Africa is unprecedented and for the first time includes transmission in densely populated urban areas. Destabilization of a fragile healthcare infrastructure has provoked a humanitarian crisis. The USG's response contains four pillars that must work in concert with the host governments to control the outbreak, mitigate second order impacts, ensure a well-functioning humanitarian response, and avert outbreaks in additional countries while assisting with rebuilding of health systems.

In response to the outbreak, OFDA activated an RMT in Washington, DC and DARTs in Liberia, Guinea and Sierra Leone. The DART coordinates planning, operations, logistics, administrative issues, and other critical areas of the interagency response to help control the outbreak.

The Senior Program Officer (SPO) is one of OFDA's humanitarian representatives in Guinea. They oversee OFDA humanitarian assistance portfolio in Guinea. An SPO is needed in Guinea because it is one of the three countries most affected by the Ebola outbreak and having on-site staff will better assist with the Ebola crisis. The SPO is part of the Southern, West, and North Africa Team which is based in the regional office in Dakar, Senegal.

OBJECTIVE

OFDA requires the services of an SPO in Guinea to ensure OFDA's objectives for disaster assistance, risk reduction, strategic reporting, interagency coordination, and situational analysis are met. While the DART is activated the SPO will integrate into the DART structure and transition to the regional team when the DART stands down.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The SPO will primarily provide full-time, in-country coordination and management of OFDA programming for humanitarian emergency and disaster risk reduction activities throughout Guinea. The SPO may assist in humanitarian assistance activities elsewhere in the region as needed.

Working under the guidance and supervision of the Senior Humanitarian Advisor, the SPO will support OFDA's program office in Conakry, Guinea, with the coordination and management of humanitarian and disaster risk reduction activities. The SPO will work in close collaboration with a program team that may include Senior Regional Advisors (SRAs), Senior Humanitarian Advisors, Senior Program Officers, Program Officers, Field Monitors, Team Leaders, Deputy Team Leaders, Disaster Operations Advisors and Specialists, and /or Program Assistants.

**Solicitation for a USPSC Senior Program Officer
SOL-OFDA-15-000019**

This position requires substantial coordination with representatives from other USAID offices, The U.S. Embassy, other USG agencies, the government of Guinea, U.S. military representatives, as well as with relevant donor representatives, UN, and NGO agencies; therefore, this position requires a highly collaborative work style. The SPO must be prepared to function effectively in a challenging and restrictive work environment and be willing to strictly adhere to U.S. Embassy security guidelines.

The SPO's responsibilities will include the following:

Contextual Specialty

- Develop and maintain specialized understanding of humanitarian developments within Guinea to include political, social, and operational issues impacting humanitarian efforts.
- Develop and maintain knowledge of USAID, USG, and U.S. humanitarian priorities and strategies within Guinea and OFDA's contributions and comparative advantages to those efforts.
- Provide regular reporting, through official cables and other means, on issues related to the humanitarian situation in Guinea. Provide overviews of patterns and trends in the humanitarian situation and keep the RA and other program staff current on response issues. Provide regular reports on site visits, meetings, general atmospherics, and other issues that impact humanitarian relief efforts.
- Prepare briefing papers, notes, and presentations on OFDA programming for official U.S. government visitors interested in humanitarian issues.

Portfolio Management

- Develop and maintain a detailed working knowledge of OFDA's humanitarian portfolio in Guinea.
- Work with OFDA's program staff based in DC and Guinea in the development of OFDA's programming for response and disaster risk reduction activities in Guinea, ensure complementarity between the two strategies, and oversee implementation of each.
- Continually assess emergency response and disaster risk reduction needs Guinea in order to ensure that OFDA's programs are appropriately responsive.
- In close coordination with the RA and Disaster Operations Specialist (DOS), work with NGOs, IOs, and UN agencies that are developing proposals for OFDA (including grant amendments and extensions). Ensure that draft proposals are in compliance with "OFDA's Guidelines for Unsolicited Proposals and Reporting." Review concept papers and proposals, and provide recommendations/comments to OFDA for final funding determination.
- Assist headquarters based Agreement Officer's Representatives in managing humanitarian awards by providing field-based insights, knowledge, and perspectives.
- Travel as permitted to assess, evaluate, and monitor humanitarian conditions in Guinea, and make strategic recommendations for appropriate interventions.

Representation

- Assist the RA in maintaining relations with the senior leadership of the humanitarian community in Guinea in representing USAID and OFDA on humanitarian issues. This

**Solicitation for a USPSC Senior Program Officer
SOL-OFDA-15-000019**

will include but is not limited to UN agencies, IOs, NGOs, U.S. government personnel, donors, host government authorities, and others.

- Participate in and report on joint donor humanitarian evaluations and UN-led assessments, and participate actively in the international community response structures.
- With guidance from the RA, coordinate with the donor community on policy issues affecting humanitarian operations, and develop integrated, non-duplicative programs.
- Maintain regular contact with OFDA grantees, as well as other UN agencies, IOs, and NGOs. Meet regularly with donors, host government officials, USG agencies, and others on humanitarian issues in order to explain, advocate for, and advance OFDA's priorities and to help coordinate USG and international humanitarian activities

Leadership

- Serve as peer mentor to team members on grants management and portfolio management, to include OFDA's business process, portfolio-specific budget and workload management, and post-award monitoring and management.
- Participate, as assigned, in office-wide discussions on initiatives that impact program implementation to provide field-based perspectives.
- Provide training, guidance, and daily peer mentoring to the Program Officer based in Conakry.

General Duties

- Serve in planning and program positions on response teams, assessment teams, or to provide coverage for field offices within and outside the region, which may deploy on short notice for up to 90 days;
- Serve in planning and program positions on Washington-based Response Management Teams for up to 45 days.

SUPERVISORY RELATIONSHIP:

While the DART is activated the SPO will integrate into the DART structure and report to the DART Team Leader. Once the DART stands down the SPO will report directly to the SHA in Guinea or his/her designee.

SUPERVISORY CONTROLS:

Supervisor sets overall objectives and resource available; USPSC consults with supervisor to develop deadlines, projects and work to be done. USPSC is responsible for planning and carrying out assignments. USPSC is responsible for planning approach or methodology to be used in carrying out assignments.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on a DART (if required), and during site visits, there may be some additional physical exertion

**Solicitation for a USPSC Senior Program Officer
SOL-OFDA-15-000019**

including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY**

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16
FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/c23002.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. "MEDICAL EVACUATION (MEDEVAC) SERVICES."

Solicitation for a USPSC Senior Program Officer
SOL-OFDA-15-000019

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer's liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled "Emergency and Irregular Travel and Transportation." In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract

Solicitation for a USPSC Senior Program Officer
SOL-OFDA-15-000019

the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
