8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's

SOL-OFDA-15-000031

capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. The HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manage global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

INTRODUCTION

DCHA/OFDA provides non-food humanitarian assistance in response to international crises and disasters. The HPGE Division serves as the principal focal point for humanitarian policy

SOL-OFDA-15-000031

development, engagement and institutional relationships with international organizations and other donor governments. The HPGE Division tracks trends and policy developments in the humanitarian assistance field; engages in policy discussion with other donors and multilateral agencies; recommends strategies for action to DCHA Bureau; initiates policy and internal guidance for the organization; maintains global relationships with implementing partners; leads OFDA's communications and social media outreach; and serves as the primary interlocutor on strategic issues with OFDA's other federal partners on global issues.

The Humanitarian Policy Advisor (HPA) position is part of the Humanitarian Policy Team, serving as an integral part of the HPGE Division and closely coordinates with other parts of the USG community on humanitarian issues. The position assists in planning DCHA strategies and responses to humanitarian crises; advocates and educates on humanitarian issues; provides guidance on policy issues; prepares key briefings and guidance; and manages the policy team.

OBJECTIVE

OFDA requires the services of multiple HPAs in order to meet its objectives of programming, coordinating with other donors, and situational analysis on humanitarian policy issues and developing policy guidance.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The HPA is part of the Humanitarian Policy Team that provides critical analysis on humanitarian policy issues, works closely with officials within the international community, and serves as a key source of information on humanitarian issues and policy for the office. He/She will help plan organizational strategies and responses to humanitarian crises, actively work with members of UN delegations on U.S. positions on humanitarian issues, provide effective liaisons with the UN offices in Geneva, Rome and New York, and anticipate and prepare documents and briefing memos on humanitarian issues for important meetings and events. The HPA will also raise critical issues with the UN on behalf of OFDA, DCHA offices and other USG agencies and must have the ability to multi-task. The assignment involves providing informed analysis and advice on humanitarian issues for planning, development and execution of U.S. foreign policy within a broad and complex geographic for functional specialty area. The work requires a rigorous analytical approach to data the HPA will receive general guidance but will be expected to execute independent judgment and analysis.

Contacts will be within the USG, as well as personnel at U.S. posts worldwide, senior analysts and officials in UN and other agencies, experts, and representatives of non-governmental organizations. The role requires significant interaction with foreign delegates, demanding strong diplomatic and communication skills to accurately represent U.S. positions in a complex multilateral setting, based on guidance from Washington. Contacts occur in a wide variety of planned and unplanned, formal and informal settings, including open meetings, conferences, and negotiating sessions, where the Humanitarian Policy Team Leader may be called upon to explain and defend U.S. positions on humanitarian issues.

Solicitation for a USPSC Humanitarian Policy Advisor (Multiple Positions)
SOL-OFDA-15-000031

The position requires extensive experience with and a thorough understanding of the international humanitarian assistance environment, operations, related policies, regulations, and inter-relationships between the USG, donor and other international organizations. The position requires the ability to translate field experience into policy recommendations. Detailed knowledge of humanitarian policy issues such as internal displacement, disaster risk reduction, humanitarian principles and other related topics is required.

The HPA's duties and responsibilities will include the following:

- As part of a humanitarian policy team, assist in the identification, research, analysis and development of recommendations on all issues and matters relating to humanitarian affairs and anticipate the need for such policy analysis.
- Represent USAID at donor meetings covering a broad range of humanitarian issues and provide DCHA Bureau with analysis and guidance on the UN system.
- As part of a senior policy team working on humanitarian issues in OFDA's HPGE Division, interact with State Department colleagues on developing strategies and policies toward UN agencies and humanitarian issues.
- Anticipate the needs of the organization regarding developments in the areas of humanitarian affairs and prepare analyses, briefings, documents and meetings as required.
- Attend various NGO, UN, and other meetings and provide authoritative information and views to formulate humanitarian policies and coordinate strategies on policy issues.
- Initiate and maintain strong working relationships with other donor countries in order to promote humanitarian principles and coordinate disaster response activities.
- Develop and maintain cooperative working relationships with other relevant USG offices and serve as an expert point of contact for these groups in the area of humanitarian affairs. The USPSC will influence policy.
- Represent DCHA on specific humanitarian issues of concern with international organizations and non-governmental organizations and convey demarche messages as needed.
- Represent USAID at meetings with the UN, international organizations and other donors and other conferences sponsored by members of the international community, and provide guidance and advice on USG positions and negotiation recommendations, and in consultation with USAID/Washington presents U.S. Government positions to the donor community and make recommendations to the appropriate officials in USAID.
- Work with counterparts in other donor organizations to exchange information, establish meetings on specific donor issues, solicit publications, and collect information on training opportunities; coordinate these activities with relevant USAID officers.
- Advise OFDA staff on issues regarding donations and requests for USG support and information sharing from private and public interest groups, including those formed on an ad hoc basis during disaster assistance operations.
- Sign-up for and serve as needed multiple times throughout the year on Washington-based Response Management Teams (RMTs), which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- Serve as the OFDA after-hours duty officer on a rotational basis, for approximately one week every six months; and
- As needed, serve on Disaster Assistance Response Teams (DARTs) which may require immediate (within 24 hours) deployment overseas for an extended period of time.

ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16
FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/c23002.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. "MEDICAL EVACUATION (MEDEVAC) SERVICES."

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer's liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled "Emergency and Irregular Travel and Transportation." In the event of a medical emergency, when time does not

Solicitation for a USPSC Humanitarian Policy Advisor (Multiple Positions)
SOL-OFDA-15-000031

permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
