POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's

Solicitation for a USPSC Training Manager SOL-OFDA-15-000034

capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. The HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manage global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

INTRODUCTION

DCHA/OFDA provides non-food humanitarian assistance in response to international crises and disasters. The HPGE Division serves as the principal focal point for humanitarian policy development, engagement, and institutional relationships with international organizations and

Solicitation for a USPSC Training Manager
SOL-OFDA-15-000034

other donor governments. The HPGE Division tracks trends and policy developments in the humanitarian assistance field; engages in policy discussion with other donors and multilateral agencies; recommends strategies for action to DCHA Bureau; initiates policy and internal guidance for the organization; maintains global relationships with implementing partners; leads OFDA's communications and social media outreach; serves as the primary interlocutor on strategic issues with OFDA's other federal partners on global issues; and provides critical humanitarian training to other federal agencies.

The Training Manager position serves as an integral part of the HPGE Division and closely coordinates with other parts of the USG and international community on humanitarian training issues. The position leads the planning and developing training and outreach approaches on humanitarian issues; provides strategic direction on training issues for external audiences; prepares key briefings and guidance to support training requirements; and manages the HPGE training team.

OBJECTIVE

OFDA requires the services of one Training Manager in order to meet its objectives of training and educating within the USG.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The Training Manager is an integral part of the humanitarian training team that coordinates closely with other parts of HPGE and OFDA, develops curriculum for humanitarian training courses, and facilitates training for other USAID Bureaus and federal agencies on the international humanitarian architecture, humanitarian assistance and disaster response. He/She will help plan organizational strategies and approaches to external training, course development, validation, delivery, and review.

The assignment involves providing expert training for the planning, development, and execution of U.S. foreign policy within a broad and complex geographic or functional specialty area. The work requires applying a rigorous analytical and detail-oriented approach to the training development. The Training Manager will receive general guidance but will be expected to execute independent judgment and analysis.

The role requires significant interaction with other offices, demanding strong diplomatic, facilitation, and communication skills to accurately represent U.S. positions in a complex multilateral setting. Contacts will be within the USG, training counterparts in UN and other agencies, experts, and representatives of non-governmental organizations. Contacts occur in a wide variety of planned and unplanned, formal and informal settings, including open meetings, and conferences.

The position requires extensive experience with and a thorough understanding of the international humanitarian assistance environment, operations, related policies, regulations, and inter-relationships between the USG, donor, and other international organizations. The position

Solicitation for a USPSC Training Manager
SOL-OFDA-15-000034

requires the ability to translate broad training and field experience into specialized training courses. Detailed knowledge of humanitarian issues, training development, facilitation experience, managerial experience, and previous work in an international setting is required.

The Training Manager's duties and responsibilities will include the following:

- Manage a training team.
- Support the HPGE strategy for internal and external education and training courses on humanitarian assistance, international humanitarian architecture, and disaster response issues.
- Develop detailed strategic plans for external training for the intra and inter agency.
- Analyze training needs and requirements to develop new training programs or modify and improve existing programs.
- Design courses from inception to polished final product, taking overall responsibility of external training courses, specifically applying the principles of adult learning design for both synchronous and asynchronous (e.g. on line courses) learning.
- Draw on subject matter expertise and work closely with other teams within HPGE, particularly the Policy and Interagency teams.
- Maintain strong understanding of the USG interagency, humanitarian policy issues, and OFDA coordination responsibilities and response operations that contribute to the OFDA training strategy for external partners.
- Plan, develop, and provide training using knowledge of the effectiveness of methods such as classroom training, demonstrations, meetings, conferences, and workshops.
- Develop trainer development programs and coach others involved in training efforts.
- Develop and monitor funding commitments.
- Work effectively as a team member with other members of the Division and OFDA.
- Evaluate instructor performance and the effectiveness of training programs, providing recommendations for improvement.
- Develop course evaluation procedures and conduct follow-up review of all completed training to evaluate and measure results.
- Develop and organize effective training manuals, multimedia visual aids, and other educational materials using a variety of media.
- Mentor and liaise with facilitators, panelists, and guest instructors.
- Build solid cross-functional relationships and assist with development of HPGE strategic plans and maintain internal and external OFDA relationships.
- Ensure appropriate scheduling and coordination of training, including logistical support.
- Coordinate with other training teams of humanitarian agencies and communicate at Senior Executive level of USG and international organizations.
- Review and analyze what the United Nations, other international organizations, NGOs, and other humanitarian entities currently provide on humanitarian assistance and disaster response training. Incorporate recommendations as to whether OFDA should incorporate any part of the UN training, e.g. videos, simulations, etc. If so, coordinate with the Communications Team and the UN for permission.

SOL-OFDA-15-000034**

- Sign-up for and serve as needed multiple times throughout the year on Washington-based RMTs, which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- Serve as the OFDA after-hours duty officer on a rotational basis, for approximately one week every six months.
- As needed, serve on DARTs, which may require immediate (within 24 hours) deployment overseas.

SUPERVISORY RELATIONSHIP:

The USPSC will take direction from and report to the Division Director and Deputy Division Director of the HPGE Division.

SUPERVISORY CONTROLS:

Supervisor provides administrative directions in terms of broadly defined missions or functions. Employee independently plans, designs, and carries out programs, projects, studies, or other work. Results are considered authoritative and are normally accepted without significant change.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on DARTs (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on DARTs (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

12. START DATE: Immediately, once necessary clearances are obtained.

13. POINT OF CONTACT: See Cover Letter.

**ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY**

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16
FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/c23002.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. "MEDICAL EVACUATION (MEDEVAC) SERVICES."

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer's liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled "Emergency and Irregular Travel and Transportation." In the event of a medical emergency, when time does not

Solicitation for a USPSC Training Manager
SOL-OFDA-15-000034

permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
