**8. STATEMENT OF WORK**

**POSITION DESCRIPTION**

**BACKGROUND**

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Disaster Response Division (DRD) Africa and the DRD Asia, Latin America, Europe (ALE) are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. DRD Africa and DRD ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains

**Solicitation for a USPSC Syria Response Information Officer**  
**SOL-OFDA-15-000046**

readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. The HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manage global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

**Solicitation for a USPSC Syria Response Information Officer  
SOL-OFDA-15-000046**

**INTRODUCTION**

OFDA has been responding to humanitarian needs resulting from the conflict in Syria since February 2012. The US Government (USG) has allocated over \$1 billion in humanitarian assistance to support humanitarian programs. These programs are currently being managed by a DART, located in Turkey and Jordan, and an RMT in Washington, DC. USAID anticipates significant additional humanitarian programming for FY2015 and beyond, managed either by the DART and RMT or by OFDA's Europe, Middle East, and Central Asia (EMCA) Team.

The OFDA Response Teams in Turkey, Jordan, and Washington are responsible for coordinating the USG's humanitarian response to Syria, establishing programs to meet clearly defined humanitarian needs, and overseeing OFDA's current and future humanitarian assistance programming. OFDA has Team Leaders in both Turkey and Jordan, each managing staff, programs, and operations in those respective countries. This solicitation is for the Information Officer to be located in Adana, Turkey. The Information Officer compiles and disseminates information about USG humanitarian activities to internal USG audiences and external partners. This position reports to the Team Leader for Turkey.

**OBJECTIVE**

OFDA requires the services of a Syria Response Information Officer based in Adana, Turkey in order to meet its objectives of programming, monitoring, coordinating, and evaluating USG humanitarian programs in Syria.

**9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY**

**DUTIES AND RESPONSIBILITIES**

This position requires an individual who is able to reside in Adana, Turkey, as determined in consultation with the Embassy and the Mission and subject to security and programmatic considerations. The selectee must be prepared to function effectively in a challenging and restrictive work environment and be willing to strictly adhere to U.S. Embassy security guidelines.

The Syria Response Information Officer for Turkey compiles and disseminates information about humanitarian conditions and USG humanitarian response activities to internal USG audiences and external partners. Qualified candidates should possess excellent writing, editing, and verbal communications skills and have exceptional attention to detail. Candidates must be flexible and adaptable to changing circumstances and have the ability to work under tight deadlines in an extremely fast-paced and collaborative environment.

Working directly under the guidance and supervision of the Team Leader, the incumbent shall:

- Engage in substantial coordination with the RMT, USAID Mission and other offices, TAG members, the US Embassy as well as representatives from other USG agencies, the U.S. military, State Department, Department of Defense, other donor governments, and

SOL-OFDA-15-000046**

UN/PVOs/NGOs/IOs to develop an inclusive US response. Therefore requiring a highly collaborative work style.

- Attend humanitarian coordination and other meetings and collaborate closely with information counterparts from humanitarian organizations, including UN agencies and NGOs, to ensure that all relevant humanitarian information is obtained and incorporated into OFDA field products and is provided to Washington, D.C.-based Information Officers in a timely manner.
- Produce minutes, trip reports, meeting notes, updates, reporting cables, public reports, and other information products as needed.
- Work with USG colleagues in Turkey by contributing to field-produced information products, data-collection sites, and press materials related to Syria.
- Participate in humanitarian assessments (when possible), meetings with USAID/OFDA partners, and site visits in order to obtain information that will be included in field reports.
- Capture information shared during meetings, assessments, and conference calls to help facilitate and record team communication.
- Manage data and produce a wide range of public and internal information products such as maps, photos, tables, charts, images, and other visual aids created by the team and shared by partners.
- Maintain regular contact with the humanitarian community and represent OFDA on humanitarian reporting issues, as directed by the Team Leader. This will include but is not limited to UN agencies, IOs, NGOs, USG personnel, donors, other government authorities.
- Assist in the preparation of agendas and briefings for official USG visitors.
- Obtain appropriate clearances for all information products produced.
- Work closely with the Jordan-based Information Officer on joint field products.
- Travel in and outside of Turkey on short notice for possibly extended periods of time.
- Travel to Washington, D.C. as needed for training or consultations with / rotations in OFDA's Information Support Unit (ISU) or RMT.

**SUPERVISORY RELATIONSHIP:**

The Syria Response Information Officer will take direction from and will report to the Team Leader in Turkey or his/her designee. The Information Officer will maintain close coordination with the Information Officers on the RMT. The Information Support Unit will provide appropriate training and quality control feedback to maintain a consistent standard for OFDA information products.

**SUPERVISORY CONTROLS:**

Supervisor sets overall objectives and resources available and works with employee to develop deadlines, work to be done and methodology. The Information Officer is responsible for carrying out assignments, and consults with the supervisor for policy interpretations. The Information Officer will communicate directly with the RMT Information Officers and is expected to meet Washington, DC information requirements.

**10. PHYSICAL DEMANDS**

**Solicitation for a USPSC Syria Response Information Officer  
SOL-OFDA-15-000046**

The work is generally sedentary and does not pose undue physical demands. During deployment on Disaster Assistance Response Teams (DARTs) (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

**11. WORK ENVIRONMENT**

Work is primarily performed in an office setting. During deployment on Disaster Assistance Response Teams (DARTs) (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

**12. START DATE:** Immediately, once necessary clearances are obtained.

**ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10  
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY**

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY  
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16  
FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/c23002.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. "MEDICAL EVACUATION (MEDEVAC) SERVICES."

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer's liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled "Emergency and Irregular Travel and Transportation." In the event of a medical emergency, when time does not

**Solicitation for a USPSC Syria Response Information Officer  
SOL-OFDA-15-000046**

permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
