8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

SOL-OFDA-15-000047

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manage global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE

Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

INTRODUCTION

OFDA is responsible for coordinating the USG's humanitarian response to disasters in South Asia: India, Afghanistan, Bangladesh, Bhutan, Nepal, Maldives, Pakistan and Sri Lanka. The South Asia team has a regional office in Bangkok, Thailand that manages OFDA responses and disaster risk reduction efforts in the region.

The Program Officer (PO) in Bangkok, Thailand will monitor OFDA-funded programs, liaise with the IO and NGO community, provide assessments when appropriate, and make program recommendations. The PO position requires an individual who is able to travel outside of the country where he/she is based, on short notice for two to three weeks at a time, or longer, on occasion. The PO will serve as the primary contact and liaison for on-going disaster activities related to disaster response, preparedness, mitigation and training programs. The PO will work to increase the capability of host governments, IOs, and NGOs to respond and prepare for disasters in the affected region. The PO will be responsible for disaster analysis, program monitoring, overseeing NGO partner implementation, reporting to OFDA/Washington, and liaising with USAID Missions and U.S. Embassies.

OBJECTIVE

OFDA requires the services of a PO for the South Asia Regional Team based in Bangkok, Thailand in order to meet its objectives of coordinating disaster response activities and carrying out its lead role in facilitating and coordinating USG emergency assistance overseas.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The PO's responsibilities will include the following:

Contextual Specialty

- Develop and maintain specialized understanding of humanitarian developments within the region to include political, social, and operational issues impacting humanitarian efforts.
- Develop and maintain knowledge of USAID, USG, and US humanitarian priorities and strategies within the region and OFDA's contributions and comparative advantages to those efforts.
- Provide regular reporting, through official cables and other means, on issues related to the humanitarian situations in the region. Provide overviews of patterns and trends in the humanitarian situation and keep the Regional Advisor, Humanitarian Advisors, and other program staff current on response issues. Provide regular reports on site visits, meetings, general atmospherics and other issues that impact humanitarian relief efforts.

Solicitation for a USPSC Program Officer SOL-OFDA-15-000047

- Prepare briefing papers, notes and presentations on OFDA programming for official USG visitors interested in humanitarian issues.

Portfolio Management

- Develop and maintain a detailed working knowledge of OFDA's humanitarian portfolio in the region.
- Work with OFDA's program staff based in DC and regional countries in the development of OFDA's programming for response and disaster risk reduction activities, ensure complementarity between the two strategies, and oversee implementation of each.
- Support team efforts to continually assess emergency response and disaster risk reduction needs in order to ensure that OFDA's programs are appropriately responsive.
- In close coordination with the Regional Advisors, Senior Humanitarian Advisors, and Disaster Operations Specialists (DOSs), work with NGOs, IOs, and UN agencies that are developing proposals for OFDA (including grant amendments and extensions). Ensure that draft proposals are in compliance with "OFDA's Guidelines for Unsolicited Proposals and Reporting." Review concept papers and proposals, and provide recommendations/comments to OFDA for final funding determination.
- Assist headquarters based Agreement Officer's Representatives (AORs) in managing humanitarian awards by providing field-based insights, knowledge, and perspectives.
- Travel as permitted to support team efforts to assess, evaluate and monitor humanitarian conditions, and make strategic recommendations for appropriate interventions.

Representation

- Support the Regional Advisor in maintaining relations with the humanitarian community in the region in representing USAID and OFDA on humanitarian issues. This will include but is not limited to UN agencies, IOs, NGOs, USG personnel, donors, host government authorities, and others.
- Participate in and report on joint donor humanitarian evaluations and UN-led assessments, and participate actively in the international community response structures.
- With guidance from the Regional Advisors or Senior Humanitarian Advisors, coordinate with the donor community on policy issues affecting humanitarian operations, and develop integrated, non-duplicative programs.
- Maintain regular contact with OFDA grantees, as well as other UN agencies, IOs, and NGOs. As requested by the Regional Advisors, meet regularly with donors, host government officials, USG agencies, and others on humanitarian issues in order to explain, advocate for, and advance OFDA's priorities and to help coordinate USG and international humanitarian activities

Leadership

- Serve as peer mentor to team members on grants management and portfolio management, to include OFDA's business process, portfolio-specific budget and workload management, and post-award monitoring and management.
- Participate, as assigned, in office-wide discussions on initiatives that impact program implementation to provide field-based perspectives.

SOL-OFDA-15-000047

General Duties

- Serve in program positions on response teams, assessment teams, or to provide coverage for field offices within and outside the region, which may deploy on short notice for up to 90 days.
- Serve in program positions on Washington-based RMTs for up to 45 days.
- May serve as needed, on Washington-based RMTs, which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- May serve on DARTs which may require immediate (within 24 hours) deployment overseas for an extended period of time.

SUPERVISORY RELATIONSHIP:

The USPSC will take direction from and report to the Regional Advisors or his/her designee.

SUPERVISORY CONTROLS:

Supervisor sets overall objectives and resource available. The USPSC consults with supervisor to develop deadlines, projects and work to be done. The USPSC is responsible for planning and carrying out assignments. The USPSC is responsible for planning approach or methodology to be used in carrying out assignments.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on DARTs (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on DARTs (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

12. START DATE: Immediately, once necessary clearances are obtained.

13. POINT OF CONTACT: See Cover Letter.

**ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY**

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/c23002.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not

Solicitation for a USPSC Program Officer
SOL-OFDA-15-000047

permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).
