8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

SOL-OFDA-15-000065

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. The HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manage global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

**Solicitation for a USPSC Regional Advisor
SOL-OFDA-15-000065**

INTRODUCTION

In order to fulfill its mandate, and to effectively respond to disasters worldwide, OFDA has established six regional offices in the following locations: San Jose, Costa Rica; Nairobi, Kenya; Dakar, Senegal; Pretoria, South Africa; Budapest, Hungary and Bangkok, Thailand. OFDA also has other smaller, sub-regional, and program offices around the world.

The regional offices are headed by a Principal Regional Advisor or a Senior Regional Advisor, who work closely with the Team Leaders in Washington, and report to the appropriate Division Director. The Principal or Senior Regional Advisor serves as the regional team leader for all response, preparedness and disaster risk reduction activities. They serve as the key interlocutor with embassies and missions in the event of a disaster and may also serve as the DART Leader if needed. They are principally responsible for managing the regional offices, monitoring all grants on humanitarian assistance program implementation, overseeing the sub-regional offices as appropriate, supervising the office staff, and developing, in consultation with their respective Washington-based Team Leaders, the multi-year non-response program strategies for their respective regions. They coordinate with OFDA/Washington on disaster response activities, determine program priorities, and identify and formulate disaster preparedness, mitigation and training programs for their respective regions.

Regional Advisors report to the Principal or Senior Regional Advisors. They ensure that OFDA's objectives for disaster response and assistance, strategic reporting, and analysis are met. The Regional Advisors are responsible for monitoring and reporting on OFDA-funded programs and activities, and formulating disaster response, preparedness, mitigation and training programs for the region.

OBJECTIVE

OFDA requires the services of a Regional Advisor based in Maputo, Mozambique to ensure that OFDA's objectives for disaster assistance, risk reduction, resilience programming, strategic reporting, and interagency coordination for the Southern, West, and North (SWAN) Region are met.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The Regional Advisor will be responsible for program analysis, strategy development, and coordination with relief agencies, other donors, and USG interagency partners, as well as reporting to OFDA's SWAN Regional Office in Dakar, Senegal and OFDA Washington. The Regional Advisor will maintain close coordination and collaboration with USAID and Embassy staff across the affected region and in the relevant regional offices.

This position requires substantial coordination with representatives from other USAID offices, the U.S. Embassy, other USG agencies, host country governments, U.S. military representatives, as well as with relevant donor representatives of UN organizations and NGOs, therefore

Solicitation for a USPSC Regional Advisor SOL-OFDA-15-000065

requiring a highly collaborative work style. The Regional Advisor must be prepared to function effectively in a challenging and restrictive work environment and be willing to strictly adhere to U.S. Embassy security guidelines.

Working directly under the guidance and supervision of the OFDA Senior Regional Advisor for the SWAN Regional Office, the Regional Advisor will work in close collaboration with a program team that may include other Regional Advisors, Senior Humanitarian Advisors, Program Officers, Field Monitors, Regional Team Leaders, Disaster Operation Specialists, and /or Program Assistants. Specifically, the Regional Advisor will be responsible for the following:

Contextual Specialty

- Serve as an expert on humanitarian issues, priorities, lessons learned, and opportunities in the region of responsibility.
- Provide expert guidance on political, humanitarian, organizational, structural and stakeholder interests specific to the region of responsibility.
- Prepare and/or provide substantive guidance in the preparation of regular strategic and analytical reports on current or anticipated emergencies, as well as comprehensive preparedness documentation on assigned countries.

Portfolio Management

- Develop and maintain a detailed understanding of OFDA's program strategy and the implementation of the resulting awards in area of assigned responsibility.
- Guide regional team efforts to develop appropriate programmatic strategies for disaster responses and disaster risk reduction efforts in the area of responsibility.
- Review the program proposals for conceptual soundness, technical feasibility, and budget for disaster assistance activities and emergency projects.
- Lead/conduct initial assessments to identify humanitarian needs and/or disaster risk reduction opportunities across a broad spectrum of sectors in current disaster sites or locations with high vulnerability.
- Ensure ongoing humanitarian response and disaster risk reduction activities are monitored to validate that objectives are met and beneficiaries are served.
- Lead the development of country, issue, or disaster specific strategies across the region of responsibility, as well as timely revision of these strategies as contextual realities shift.
- Re-assess implementation approaches and strategies on an ongoing basis and make recommendations for appropriate shifts approach or resource allocation.
- Participate in the development of field-based recommendations on difficult resource and programmatic trade-offs within the region.

Representation

- Develop and maintain relationships with representatives of host government, donor governments, international organizations, non-governmental organizations, U.S. embassies and USAID missions to ensure efficient and coordinated humanitarian response and disaster risk reduction activities.
- Represent USAID in joint efforts to design, develop, and implement humanitarian strategies and intervention with local governments, donor, partner, and UN organizations, as appropriate.

Solicitation for a USPSC Regional Advisor SOL-OFDA-15-000065

- Advise regional officials, including host country authorities and other USAID officials on disaster response, mitigation and risk reduction efforts, including the review of sector disaster response and Disaster Risk Reduction (DRR) plans.
- Work with local and regional institutions and private/public sector organizations to incorporate disaster risk reduction into appropriate programs.

Leadership

- Support regional team efforts to develop current and future strategic direction for the regional office to include programmatic, liaison and representational prioritization, and human and financial resource requirements.
- Participate in a leadership role in office-wide policy initiatives to ensure field perspectives are well-represented.
- Serve as a peer-mentor for program staff working to increase exposure and experience in field-based humanitarian operations.

General Duties

- Supervise relevant USPSC and foreign national program staff in assigned program offices.
- Serve in leadership, planning, or program positions on response teams, assessment teams, or to provide coverage for field offices within and outside the region, as necessary.
- Serve in leadership, planning, or program positions on Washington-based RMTs for up to 45 days. The duties on RMTs will be varied.
- Ensure timely reporting of OFDA's activities in the region through written cables, analyses, strategies, and other requests for written information and/or oral briefings.
- Maintain regular communications with the regional (and/or sub-regional) office in their area of responsibility and with OFDA/Washington.
- Serve on DARTs which may require immediate (within 24 hours) deployment overseas for an extended period of time.

SUPERVISORY RELATIONSHIP:

The Regional Advisor will take direction from and report to the OFDA Senior Regional Advisor for SWAN or his/her designee.

SUPERVISORY CONTROLS:

ATTACHMENT 1 – USPSC PROVISION “MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)”

MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 (available at <http://www.foia.state.gov/REGS/fams.asp?level=2&id=59&fam=0>). Note: personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

- (1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;
- (2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and
- (3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

Solicitation for a USPSC Regional Advisor
SOL-OFDA-15-000065

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation AAPD 06-10 PSC Medical Expense Payment Responsibility 6 Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member.

In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor’s invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual’s behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent. (i) Before departing post or terminating the contract, the contractor must

Solicitation for a USPSC Regional Advisor
SOL-OFDA-15-000065

settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting AAPD 06-10 PSC Medical Expense Payment Responsibility 7 Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

End of Provision
