8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe, and Middle East (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's

Solicitation for a USPSC Online Communications Specialist
SOL-OFDA-15-000077

capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. The HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manage global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

INTRODUCTION

OFDA provides non-food humanitarian assistance in response to international crises and disasters. HPGE serves as the principal focal point for humanitarian policy development, engagement and institutional relationships with international organizations and other donor governments. HPGE tracks trends and policy developments in the humanitarian assistance field;

**Solicitation for a USPSC Online Communications Specialist
SOL-OFDA-15-000077**

engages in policy discussion with other donors and multilateral agencies; recommends strategies for action to DCHA; initiates policy and internal guidance for the organization; maintains global relationships with implementing partners; leads OFDA's communications and social media outreach; and serves as the primary interlocutor on strategic issues with OFDA's other federal partners on global issues.

The Online Communications Specialist position serves as an integral part of HPGE's Strategic Communications Team, closely coordinating with other parts of the USG community on humanitarian and online messaging issues. The position will be responsible for providing overarching communications and messaging support for OFDA.

OBJECTIVE

OFDA requires the services of an Online Communications Specialist who is Washington-based to lead OFDA's outreach efforts online and on social media.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The Online Communications Specialist will be responsible for overseeing and growing OFDA's online and social media equities. Duties include: messaging OFDA's disaster response activities online and expanding OFDA's social media following. As a member of HPGE's Strategic Communications Team, the Online Communications Specialist will also draft and post blogs for the USAID website, as well as create tweets and content for OFDA's Facebook page and Twitter feed. In addition, this individual will work closely with other members of the Strategic Communications Team and OFDA staff to develop and implement strategies to increase awareness of, and appreciation for, the office.

Online Outreach and Maintenance

- Update and populate USAID website with OFDA information and materials, including public fact sheets, situation reports, alerts, news items, graphics, multimedia content, and articles.
- Maintain and develop new content for all OFDA online properties.
- Lead on conceptualizing and creating multimedia content to highlight OFDA activities.
- Identify key outreach opportunities to advance strategic OFDA's messages online or on social media.
- Produce website content that is in line with USAID communications strategy.
- Draft and/or facilitate the posting of blogs on behalf of OFDA staff for a variety of fora.
- Serve as main liaison with USAID and OFDA web teams to make updates to OFDA online assets on USAID.gov and to the Office's Microsoft SharePoint site, as needed.
- Review, monitor, and update online disaster and crisis response content for quality and timeliness, as well as for compliance with the agency's information management procedures and practices.
- Keep current with humanitarian and social media issues through relevant blogs, list serves, and events.

**Solicitation for a USPSC Online Communications Specialist
SOL-OFDA-15-000077**

- Apply editorial processes and approval workflows in the agency's web content management system.

Social Media Outreach

- Populate OFDA's social media outlets with up-to-date content; engage with OFDA staff, humanitarian aid organizations, and other relevant parties to obtain content; monitor comments and mentions; respond in a timely manner.
- Produce daily social media content—in coordination with OFDA's Strategic Communications Team—that will increase engagement and follower count.
- Monitor OFDA social media channels for comments and mentions and responding promptly to online queries.
- Lead the creation of social media campaigns and toolkits to highlight specific OFDA activities and/or events in coordination with the Strategic Communications Team.
- Track metrics, as well as monitor and participate in relevant online conversations.
- Monitor and analyze social media trends to advise on keeping OFDA's social media platforms in line with current trends, and to look for new engagement opportunities and messaging methods.
- Represent the Strategic Communications Team during relevant USAID or USG meetings pertaining to social media and digital communications.

Strategic Communications

- Work with OFDA's Strategic Communications Team to identify, develop, and implement OFDA's strategic communications goals; track and determine impact of targeted strategies.
- Work with OFDA's Strategic Communications Team to adapt OFDA's Online Communications Strategy to reflect changing priorities and evolving needs of OFDA.
- Develop new strategies in coordination with the Strategic Communications Team to expand OFDA's public outreach.
- Coordinate closely with USAID's Bureau for Legislative Affairs and USAID Social Media Team to ensure OFDA's online messaging is aligned with Agency priorities.

Other Duties

- May serve as needed, on Washington-based Response Management Teams (RMTs), which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- May serve on Disaster Assistance Response Teams (DARTs) which may require immediate (within 24 hours) deployment overseas for an extended period of time.
- Serve as the OFDA after-hours duty officer on a rotational basis, for approximately one week every six months.

SUPERVISORY RELATIONSHIP:

The Online Communications Specialist will report to the Strategic Communications Team Leader or his/her designee, and will work closely with OFDA's Information Support Unit and website development team.

**Solicitation for a USPSC Online Communications Specialist
SOL-OFDA-15-000077**

SUPERVISORY CONTROLS:

Supervisor sets overall objectives and resources available. The USPSC consults with supervisor to develop deadlines, projects and work to be done. The USPSC is responsible for planning and carrying out assignments. The USPSC is responsible for planning approach or methodology to be used in carrying out assignments.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on DARTs (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on DARTs (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

12. START DATE: Immediately, once necessary clearances are obtained.

13. POINT OF CONTACT: See Cover Letter.

ATTACHMENT 1 – USPSC PROVISION “MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)”

MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 (available at <http://www.foia.state.gov/REGS/fams.asp?level=2&id=59&fam=0>). Note: personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

- (1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;
- (2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and
- (3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation AAPD 06-10 PSC Medical Expense Payment Responsibility 6 Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible

Solicitation for a USPSC Online Communications Specialist
SOL-OFDA-15-000077

following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member.

In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent. (i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting AAPD 06-10 PSC Medical Expense Payment Responsibility 7 Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

End of Provision
