**8. STATEMENT OF WORK**

POSITION DESCRIPTION

**BACKGROUND**

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa and the Asia, Latin America, Europe, and the Middle East (ALE) Divisions are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including the United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. Africa and ALE also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate, and implement program strategies for a variety of natural and human caused disaster situations. Both Divisions encompass groups of technical sector specialists who provide technical expert capability in assessing the quality of disaster response and risk reduction activities.

**Solicitation for a USPSC Program Coordinator for Iraq**  
**SOL-OFDA-15-000086**

The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), to ensure OFDA's capacity to execute and coordinate U.S. Government (USG) humanitarian assistance and response to natural disasters and complex emergencies. OPS performs these functions through four teams, namely, the Disaster Assistance Support Team (DASP), Operations Support Team (OST), Overseas Administration Team (OAT), and the Military Liaison Team (MLT). OPS provides technical guidance and expertise in Disaster Logistics, Search and Rescue, Operations Center Management, Military Liaison, and Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies.

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation and strategic planning for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division has staff that manages global programs, policy and outreach, strategic communications, and interagency engagement. The HPGE Division also includes Humanitarian Advisors located in Rome, Geneva, and United States Mission to the UN in New York.

## **Solicitation for a USPSC Program Coordinator for Iraq SOL-OFDA-15-000086**

### **INTRODUCTION**

OFDA has been responding to humanitarian needs resulting from the conflict in Iraq since October 2014. OFDA has allocated over \$60 million in humanitarian assistance to support humanitarian programs. These programs are currently being managed by a Disaster Assistance Response Team (DART) located in Baghdad and Erbil in Iraq, and an RMT in Washington, DC. OFDA anticipates significant additional humanitarian programming for FY2016.

The Middle East Crisis Humanitarian Response (MECHR) Team, based in Washington and the DART based in Baghdad and Erbil in Iraq are responsible for coordinating the USG's humanitarian response to Iraq, establishing programs to meet clearly defined humanitarian needs, and for overseeing OFDA's current and future humanitarian assistance programming. The Team Leader for Iraq will be responsible for managing all OFDA response activities for Iraq.

### **OBJECTIVE**

OFDA requires the services of a Program Coordinator based in Erbil, Iraq in order to meet its objectives of programming, monitoring, coordinating, and evaluating USG humanitarian programs in Iraq.

## **9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY**

### **DUTIES AND RESPONSIBILITIES**

The Program Coordinator for Iraq will manage response planning, assessing, reporting, personnel tracking, information analysis, and documentation activities and make recommendations based on an analysis of information. The Program Coordinator may also serve as the Acting Team Leader when the Team Leader is absent.

This position requires an individual who is able to reside in Erbil, Iraq. It also requires willingness to travel in and outside of Iraq on short notice for possibly extended periods of time.

This position requires substantial coordination with representatives from other USAID offices, the US Embassy, other USG agencies, U.S. military representatives, as well as with relevant UN and NGO agencies, therefore requiring a highly collaborative work style. Working directly under the guidance and supervision of the Team Leader, the USPSC will:

- Identify potential UN and NGO partners for possible OFDA funding, and discuss and review grant proposals with potential partners and OFDA program and technical staff.
- Serve as primary interface with NGO and UN partners on programmatic issues.
- Serve as the team's representative for policy and planning efforts, as assigned by the Team Leader.
- Conduct site visits, as security allows, to assess the situation and meet with stakeholders.
- Interface with implementing organizations regarding project proposals submitted for OFDA funding to ensure proposals meet OFDA's program objectives and grant guidelines.

**Solicitation for a USPSC Program Coordinator for Iraq  
SOL-OFDA-15-000086**

- Review program reports to ensure that program objectives have been achieved.
- Serve in a primary role in the development and implementation of OFDA's Iraq humanitarian response plans and strategy.
- Coordinate with the RMT, PSPM members, the USAID Mission, other DCHA offices, the Department of State, Department of Defense, other donor governments, UN agencies, Private Voluntary Organizations (PVOs)/NGOs, and other IOs to develop an inclusive US response to the declared disaster.
- Develop and execute official documents, including but not limited to memos, cables, and information requests.
- Monitor humanitarian coordination systems to ensure effectiveness, intervening appropriately when necessary.
- Conduct regular planning briefing and debriefing sessions for team members.
- Ensure the satisfactory completion and reporting of assessments.
- Ensure the monitoring of USG-funded relief activities.
- Identify the need for specific technical specialists and requesting them per OFDA procedures. Brief and supervise such specialists.
- Ensure that team members regularly submit updates on situation status, work progress, and significant events.
- Oversee the situation, cable reporting and distribution process.
- Oversee the proper documentation of all team activities.
- Conduct critiques of plans' effectiveness, analyze information gathered by the planning staff, and make associated recommendations for action.

**SUPERVISORY RELATIONSHIP:**

The Program Coordinator for Iraq reports to the Team Leader or his/her designee.

**SUPERVISORY CONTROLS:**

Supervisor sets overall objectives and resources available; employee consults with supervisor to develop deadlines, projects, and work to be done. Employee is responsible for planning and carrying out assignments. Employee is responsible for planning approach or methodology to be used in carrying out assignments.

**10. PHYSICAL DEMANDS**

The work is generally sedentary and does not pose undue physical demands. During deployment on DARTs (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

**11. WORK ENVIRONMENT**

Work is primarily performed in an office setting. During deployment on DARTs (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

**12. START DATE:** Immediately, once necessary clearances are obtained.

**Solicitation for a USPSC Program Coordinator for Iraq  
SOL-OFDA-15-000086**

**13. POINT OF CONTACT:** See Cover Letter.

**EDUCATION/EXPERIENCE REQUIRED FOR THIS POSITION**

(Determines basic eligibility for the position. Applicants who do not meet all of the education and experience factors are considered NOT qualified for the position.)

Bachelor's degree with significant study in or pertinent to the specialized field (including but not limited to international relations, economics, public health, disaster management or a related field), plus seven (7) years of progressively demonstrated experience in emergency relief, disaster risk reduction and/or disaster preparedness programming and management. One year of this experience must have been obtained overseas as demonstrated by short-term deployments or assignments in emergency situations.

**OR**

Master's degree with significant study in or pertinent to the specialized field (including but not limited to international relations, economics, public health, disaster management or a related field), plus five (5) years of progressively demonstrated experience in emergency relief, disaster risk reduction and/or disaster preparedness programming and management. One year of this experience must have been obtained overseas as demonstrated by short-term deployments or assignments in emergency situations.

**SELECTION FACTORS**

(Determines basic eligibility for the position. Applicants who do not meet all of the selection factors are considered NOT qualified for the position.)

- Applicant is a U.S. Citizen.
- Complete resume submitted. See cover page for resume requirements. Experience that cannot be quantified will not be counted towards meeting the solicitation requirements.
- USPSC Application form AID 302-3. Applicants are required to complete and sign the form.

**ATTACHMENT 1 – USPSC PROVISION “MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)”**

**MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)**

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 (available at <http://www.foia.state.gov/REGS/fams.asp?level=2&id=59&fam=0>). Note: personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

- (1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;
- (2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and
- (3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation AAPD 06-10 PSC Medical Expense Payment Responsibility 6 Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible

**Solicitation for a USPSC Program Coordinator for Iraq**  
**SOL-OFDA-15-000086**

following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member.

In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent. (i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting AAPD 06-10 PSC Medical Expense Payment Responsibility 7 Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

End of Provision
