POSITION DESCRIPTION

**BACKGROUND**

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa (AFD) Response Division and the Asia, Latin America, Europe and Middle East (ALE) Response Division are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations (IOs) including United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These Divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. AFD and ALE Response Divisions also coordinate with other organizations for the provision of relief supplies and assistance. They

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

devise, coordinate and implement program strategies for a variety of natural and complex disaster situations. Both Divisions encompass groups of operations specialists who provide technical expert capability in assessing the quality and strategic function of disaster response and risk reduction activities. The AFD Response Division is divided into two teams: East and Central Africa (ECA), and Southern, West, and North Africa (SWAN). The ALE Response Division is divided into four teams: East Asia and the Pacific (EAP), Europe, the Middle East, and Central Asia (EMCA), Latin America and the Caribbean (LAC), and South Asia.

The Operations (OPS) Division develops and manages operations for OFDA's disaster responses by readying people and systems; projecting U.S. Government (USG) humanitarian capacity quickly into the field; and delivering material and technical assistance. The OPS Division maintains readiness to respond to emergencies through several mechanisms, including managing Urban Search and Rescue Teams, coordinating, staffing, training, and equipping Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), and stockpiling emergency relief commodities in key locations around the globe to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies. The OPS Division provides technical guidance and expertise in Disaster Logistics, Urban Search and Rescue, Operations Center management, activation/readiness, Civil-Military Liaison, and Chemical, Biological, Radiological, Nuclear and Explosive Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies. The OPS Division is divided into four teams: the Disaster Assistance Support Program (DASP), Military Liaison Team (MLT), Operations Support Team (OST), and Overseas Administration Team (OAT).

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology (IT), human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions for IT, staffing, funds control, budgeting, information and human resource management, and procurement to facilitate timely disaster responses. The PS Division is divided into four teams: the Award, Audit, and Risk Management (AARM) Team, Human Resources Management Team (HRM), Budget, Finance, and Information Technology (BFIT) Team, and the Acquisition and Management (ACQ) Team.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management. The PSPM Division is divided into four teams: Cross-Cutting Sectors Team, Natural Hazards Team, Health Team, Food Security and Livelihoods Team.

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners; recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; engages with the U.N. to advance USG humanitarian policy objectives and to promote humanitarian principles within the USG and internationally. HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences; and serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division staff manages global programs, policy and outreach, strategic communications, and interagency training and engagement. HPGE is divided into seven teams: Policy Team, Global Programs Team, Strategic Interagency Team, Strategic Communications Team, Global Capacity and Leadership Development Team, Public-Private Engagement Team, and the United States Mission to the UN (USUN) in New York, Geneva and Rome.

## **INTRODUCTION**

The HPGE Division serves as the principal focal point for humanitarian policy development, engagement and institutional relationships with international organizations and other donor governments. The Global Programs Team develops and manages a portfolio of diverse programs designed to build the capacity of key UN humanitarian agencies, other Public International Organizations (PIOs), and NGOs; provide leadership on key programmatic policy initiatives; strengthen leadership capacity in the humanitarian system; and fund critical research through academic institutions, think tanks, and other humanitarian stakeholders.

The Global Programs Deputy Team Leader (GPDTL) position serves as an integral part of the HPGE Division and closely coordinates with other parts of the USG community on humanitarian issues. The GPDTL manages a multi-million dollar program portfolio of grants to PIOs, as well as a strategic portfolio of global policy and research-oriented grants to a range of NGOs. The GPDTL assists the Global Programs Team Leader (GPTL) in managing the Global Programs Team, strengthening institutional relationships with international organizations, non-governmental organizations and think tanks, and also serves as an office-wide resource on issues pertaining to funding of PIOs. This position helps manage the Global Programs Team in the Team Leader's absence.

## **OBJECTIVE**

OFDA requires the services of a GPDTL in order to meet its objectives of programming, coordinating with other donors, and managing institutional relationships with partner organizations.

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

**9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY**

**DUTIES AND RESPONSIBILITIES**

The GPDTL provides critical analysis on programming with PIOs, manages a complex multi-million dollar portfolio of grants, serves as an office-wide resource on grant-making and procurement regulations as they pertain to PIOs, and interfaces regularly with the Disaster Response Divisions regarding funding to PIOs. S/he will also work with other parts of the DCHA bureau, with the Office of General Counsel, and with the Office of Acquisition and Assistance to ensure grant-making processes are functioning in an effective manner. S/he will also anticipate and prepare documents and briefing memos on humanitarian issues for important meetings and events. S/he will assist and support the GPTL in planning, organizing and overseeing OFDA's global program grants management functions. The Deputy Team Leader will be a principle source of information and advice to OFDA staff on procedures pertaining to the global grants management and have at least one year of experience of providing leadership in areas charged with the oversight of grants administration laws and regulations; experience providing advice and guidance to stakeholders on grants policies, issues and administration; and experience formulating new and modified grants management processes and procedures for a previous organization.

The GPDTL administers a diverse multi-million dollar portfolio of globally-funded OFDA programs, many of which are implemented by UN agencies and other PIOs. In addition to managing a discrete portfolio, the GPDTL works with the GPTL to provide critical guidance on OFDA's relationship with PIOs, as well as guidance on internal USAID regulations and policies impacting these relationships.

Under the guidance of the GPTL, the GPDTL will also manage critical issues with the UN and NGO community on behalf of OFDA, DCHA offices, and other USG agencies and must have the ability to multi-task. The assignment requires providing expert analytical and advisory support on a wide range of humanitarian issues for the planning, development and execution of U.S. foreign policy objectives within a broad and complex environment.

Contacts will be within the USG, as well as personnel at U.S. posts worldwide, senior analysts and officials in international organizations and other agencies, experts, and representatives of NGOs. The role requires strong diplomatic and communication skills to accurately represent U.S. positions in a complex multilateral setting, based on guidance from Washington.

The position requires a thorough understanding of the international humanitarian assistance environment, operations, related policies, regulations, and inter-relationships among the USG, donor and other international organizations. Detailed knowledge of humanitarian operations and partner programming – at the country and the global level – is required.

The GPDTL is part of the Global Programs Team and reports directly to the GPTL. The GPDTL will assist in managing the Global Programs Team. The GPDTL will be required to be available for deployments possibly lasting up to 90 days or 30% of the year.

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

The GPDTL duties and responsibilities will include the following:

**At the GS 13 Level:**

Award Portfolio Management:

- Become certified and serve as the Contracting Officer's Representative (COR) and Agreement Officer's Representative (AOR), for awards managed by the HPGE Team. This includes ensuring adequate Continuous Learning Points to maintain AOR/COR certification.
- Conduct quality assurance and lead peer reviews of grant documentation in the HPGE Global Programs Team.
- Manage the PIOs award portfolio.
- Ensure consistency in OFDA's grant management processes.

Award Guidelines and Regulations:

- Promote uniform policies and procedures for relating to partner agencies on grant management.
- Facilitate OFDA Guidelines for Proposals trainings to NGO partners, and facilitate internal training to OFDA staff on managing awards and how to fund PIOs.
- Participate on Agency-wide working groups to ensure award consistency on all levels, including policy-related decisions that impact programs such as: partner vetting, the Automated Directive Systems (ADS) revisions and PIO categorical inclusions.
- Mentor and train new HPGE staff on PIO and NGO awards processing.
- Develop internal guidance to streamline the awards process and serve as an OFDA-wide resource on USAID policies governing PIOs, particularly related to the International Disaster Assistance (IDA) account.

External Relations:

- Maintain communications and relationships with partner organizations/offices, both within and outside the USG to ensure essential coordination of actions and information exchanges. Respond to inquiries, perform outreach services, and facilitate their access to OFDA staff.
- Coordinate planning and help manage quarterly and annual consultations with partner agencies and organizations, particularly bilateral meetings with PIOs.
- Manage visits of senior UN officials engaged in programmatic responses to ongoing humanitarian crises, including liaising with other USAID offices and USG interagency.

Internal Coordination:

- As needed, serve as the back-up for the GPDL.
- Coordinate with the Office of General Counsel and the Office of Acquisition and Assistance, to ensure timely grant processes. This includes keeping track of the latest PIO standard provisions and ADS 308 policy.
- Actively participate and lead on Technical Evaluation Committees.
- Review actions for Global Program Team Leader clearance and/or approval.
- Maintain and encourage outreach to OFDA Divisions concerning global programs

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

**Administrative and Other General Duties and Responsibilities:**

- In collaboration with the GPTL, supervise and mentor members of the program team by assigning/balancing workloads, reviewing work products, addressing personnel issues and any other management tasks as needed.
- Act as GPTL when s/he is out of the office on leave, a detail assignment or temporary duty.
- Lead in the preparation of memoranda and briefing papers, including liaising with other HPGE divisions and other DCHA offices to provide input and country-level feedback.
- Actively respond to follow-up actions regarding ongoing and current emergency programs.
- Sign-up for and serve as needed, on Washington-based RMTs, which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- Serve as the OFDA after-hours duty officer on a rotational basis, for approximately one week every six months; and
- As needed, serve on DARTs which may require immediate (within 24 hours) deployment overseas for an extended period of time.
- As needed, may serve on temporary details within the office, not to exceed six months. Duties performed while on detail will be aligned with the Team's existing duties and responsibilities as well as directly related to the scope of work provided.

**For GS-14 Equivalent (if the PSC is promoted during contract performance):**

At this grade level, the GPDTL has demonstrated satisfactory competence in the duties and responsibilities described above. S/he will perform the duties outlined above, in addition to working in close coordination with the GPTL on the following:

**Award Guidelines and Regulations:**

- Serve as a member of the internal AARM Team to assist in formulating and maintaining OFDA grants guidelines.
- Lead on competitive solicitations, including Requests for Proposals and Annual Program Statements.
- Serve as the main technical resource on PIO awards, including policy coordination and adherence to USG regulations.
- Provide recommendations for complex questions and concerns from OFDA staff and PIO partners related to award standard provisions and policies.
- Evaluate compliance with existing processes and procedures.

**External Relations:**

- Develop and maintain relationships with partner organizations/offices, both within and outside the USG to ensure essential coordination of actions and information exchanges.
- Represent USAID at senior-level meetings with other USG agencies and in large scale events focused on humanitarian assistance sponsored by members of the international community.

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

- Represent USAID at donor meetings covering a broad range of humanitarian programming issues and provide DCHA Bureau with analysis and guidance on programming within the UN system.
- Anticipate the needs of the organization regarding developments in the areas of programming and prepare analyses, briefings, documents and meetings as required.
- Attend various UN and other meetings and provide authoritative information and views to formulate USG programming strategies and influence UN programming policy.
- Develop and maintain cooperative working relationships with other relevant USAID offices and serve as an expert point of contact for these groups in the area of programming.
- Represent DCHA on specific programming issues of concern with international organizations and non-governmental organizations.

Internal Relations:

- As needed, serve as the back-up for the GPTL. Lead on activities with OFDA colleagues, including coordination with DCHA's Office of Food for Peace (FFP) on humanitarian assistance issues.
- Work closely with the GPTL to formulate the HPGE Team's internal budget, including drafting narrative justifications and budget revisions.

Administrative and Other General Duties and Responsibilities:

- In collaboration with the GPTL, supervise and mentor members of the program team by assigning/balancing workloads, reviewing work products, addressing personnel issues and any other management tasks as needed.
- Act as GPTL when the Team Leader is out of the office on leave, a detail assignment or temporary duty.
- Analyze complex policies and make recommendations to senior management related to global programs.
- Help manage and communicate team assignments and deadlines.
- Assist with identifying, distributing and balancing workload and tasks among Global Program Team members in accordance with established work flow, and making adjustments to ensure timely accomplishment of assigned team tasks.
- Assist in promoting and cultivating team morale and workplace collaboration.
- Sign-up for and serve as needed, on Washington-based RMTs, which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- Serve as the OFDA after-hours duty officer on a rotational basis, for approximately one week every six months; and
- As needed, serve on DARTs which may require immediate (within 24 hours) deployment overseas for an extended period of time.
- As needed, may serve on temporary details within the office, not to exceed six months. Duties performed while on detail will be aligned with the Team's existing duties and responsibilities as well as directly related to the scope of work provided.

**USPSC PROVISION “MEDICAL EXPENSE PAYMENT RESPONSIBILITY  
(OCTOBER 2006)**

**MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)**

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 (available at <http://www.foia.state.gov/REGS/fams.asp?level=2&id=59&fam=0>). Note: personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

- (1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;
- (2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and
- (3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation AAPD 06-10 PSC Medical Expense Payment Responsibility 6 Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission

Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member.

In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent. (i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting AAPD 06-10 PSC Medical Expense Payment Responsibility 7 Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

**GP 5. LEAVE AND HOLIDAYS (DEC 2015)  
(Pursuant to class deviation #M/OAA-DEV-AIDAR-16-1c)**

**(a) Annual Leave**

(1) The contractor is not entitled to annual leave if the period of performance of this contract is 90 days or less. If the contract period of performance is more than 90 days, the contractor shall earn annual leave as of the start date of the contract period of performance as specified in paragraph (a)(2) below.

(2) The contractor shall accrue annual leave based on the contractor's time in service according to the following table:

| Time in Service            | Annual Leave (AL) Accrual Calculation  |
|----------------------------|--|
| 0 to 3 years               | Four hours of leave for each two week period   |
| over 3, and up to 15 years | Six hours of AL for each two week period (including 10 hours AL for the final pay period of a calendar year) |
| over 15 years              | Eight hours of AL for each two week period   |

USAID will calculate the contractor's time in service based on all the previous service performed by the contractor as a: 1) USAID PSC (i.e., the contractor has served under any USAID personal services contracts of any duration covered by Sec. 636(a)(3) of the FAA or other statutory provision applicable to USAID); and/or 2) former U.S. Government (USG) direct-hire, under either civilian and/or military service.

(3)

(i) AL is provided under this contract for the purposes of affording necessary rest and recreation during the period of performance. The contractor, in consultation with the USAID Mission or USAID/Washington, as appropriate, shall develop an AL schedule early in the contractor's period of performance, taking into consideration project requirements, employee preference, and other factors. All AL earned by the contractor must be used during the contractor's period of performance. All AL earned by the contractor, but not taken by the end of the contract, will be forfeited. However, to prevent forfeiture of AL, the Contracting Officer may approve the contractor taking AL during the concluding weeks of the contractor's period of performance.

(ii) As an exception to 3(i) above, the contractor may receive a lump-sum payment for leave not taken. To approve this exception, the contractor's supervisor must provide the Contracting Officer with a signed, written Determination and Findings (D&F). The D&F must set out the facts and circumstances that prevented the contractor from taking AL, and the Contracting Officer must find that these facts and circumstances were not caused by, or were beyond the control of, the contractor. This leave payment must not exceed the number of days which could be earned by the contractor during a twelve-month period.

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

(4) With the approval of the Mission Director or cognizant AA, as appropriate, and if the circumstances warrant, a Contracting Officer may grant the contractor advance AL in excess of the amount earned, but in no case may the Contracting Officer grant advance AL in excess of the amount earned in one year or over the life of the contract, whichever is less. The contractor agrees to reimburse USAID for any outstanding balance of advance AL provided during the contractor's assignment under the contract.

(5) Applicants for PSC positions will provide evidence of their PSC and/or USG direct-hire service - civilian and/or military experience, as applicable, on their signed and dated application form required under USAID policy. By signing the appropriate form, the applicant attests to the accuracy of the information provided. Any applicant providing incorrect information is subject to the penalty provisions in the form. If required to satisfy due diligence requirements on behalf of the Contracting Officer, the contractor may be required to furnish evidence that verifies length of service, e.g., SF 50, DD Form 214, and/or signed contracts.

**(b) Sick Leave.** The contractor may use sick leave on the same basis and for the same purposes as USAID U.S. direct hire employees. Sick leave is earned at a rate not to exceed four (4) hours every two (2) weeks for a total of 13 work-days per year. Unused sick leave may be carried over under an extension or renewal of this contract with the same individual for the same work. Otherwise, sick leave will not be carried over from one post to another or from one contract to another. The contractor will not be compensated for unused sick leave upon completion of this contract.

**(c) Home Leave.**

(1) Home leave is leave earned for service abroad for use only in the U.S., its commonwealths, possessions and territories.

(2) A USPSC who has served at least two years overseas at the same USAID Mission, under the same contract, as defined in paragraph (c)(4) below, and has not taken more than 30 work days leave (annual, sick or LWOP) in the U.S. may be granted home leave in accordance with the following:

(i) if the USPSC returns to the same overseas post upon completion of home leave for an additional two (2) years under the same contract, the USPSC will receive home leave, to be taken at one time, for a period of 30 work days; or  
if the USPSC returns to the same overseas post upon completion of home leave for such shorter period of not less than one year, as approved in writing by the Mission Director prior to the USPSC's departure on home leave, the USPSC will receive home leave, to be taken at one time, for a period of 30 work days.

(ii) if the USPSC is returning to a different USAID Mission under a USAID personal services contract immediately following completion of the USPSC's home leave, for an additional two (2) years under contract, or for such shorter period of not less than one (1)

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

year, as approved by the Mission Directors of the "losing" and "gaining" Missions, the contractor will receive home leave, to be taken at one time, for a period of not more than 20 work days. When the PSC is returning to a different USAID Mission, the former Mission will pay for the home leave regardless of what country the PSC will be working in following the home leave;

(iii) if home leave eligibility is based on (c)(2)(ii) above, the USPSC must submit written verification to the losing Mission at the time home leave is requested that the USPSC has accepted a USAID personal services contract at another USAID Mission following completion of the home leave;

(iv) travel time by the most direct route is authorized in addition to the number of work days authorized for home leave;

(v) home leave must be taken in the U.S., its commonwealths, possessions or territories, and any days spent elsewhere will be charged to annual leave (AL.) If the PSC does not have accrued AL, the PSC will be placed on LWOP.

(vi) if the PSC does not complete the additional service required under (c)(2)(i) or (ii) (that the Contracting Officer finds are other than for reasons beyond the PSC's control), the cost of home leave, travel and transportation and any other related costs must be repaid by the PSC to the Government.

(3) Notwithstanding the requirement in paragraph (c)(2) above, that the USPSC must have served two (2) years overseas under personal services contract with the same Mission to be eligible for home leave, the USPSC may be granted advance home leave subject to all of the following conditions:

(i) Granting of advanced home leave would in each case serve to advance the attainment of the objectives of this contract; and

(ii) The USPSC has served a minimum of 18 months in the Cooperating Country under this contract; and

(iii) The USPSC agrees to return to the Cooperating Country to serve out the remaining time necessary to meet two (2) years of service overseas, plus an additional two (2) years under the current contract or under a new contract for the same or similar services at the same Mission. If approved in advance by the Mission Director, the USPSC may return to serve out any remainder of the two (2) year requirement for service overseas, plus an additional period of not less than one (1) year under the current contract or under a new contract for the same or similar services at the same Mission.

(4) The period of service overseas required under paragraph (c)(2), or paragraph (c)(3) above, will include the actual days in orientation in the U.S. (less language training). The actual days overseas begin on the date of arrival in the cooperating country inclusive of authorized delays enroute. Allowable annual and sick leave taken while overseas, but not

**Solicitation for a USPSC Global Programs Deputy Team Leader

LWOP, shall be included in the required period of service overseas. An amount equal to the number of days of annual and sick leave taken in the U.S., its commonwealths, possessions or territories will be added to the required period of service overseas.

(5) Salary during the travel to and from the U.S., for home leave will be limited to the time required for travel by the most expeditious air route. Except for reasons beyond the USPSC's control as determined by the Contracting Officer, the USPSC must return to duty after home leave and complete the additional required service or be responsible for reimbursing USAID for payments made during home leave. Unused home leave is not reimbursable under this contract, nor can it be taken incrementally in separate time periods.

(6) Home leave must be taken at one time, and to the extent deemed necessary by the Contracting Officer, an USPSC in the U.S., on home leave may be authorized to spend not more than five (5) days in work status for consultation at USAID/Washington before returning to post. Consultation at locations other than USAID/Washington as well as any time in excess of five (5) days spent for consultation must be approved by the Mission Director or the Contracting Officer.

**(d) Home Leave for Qualifying Posts (HLQP).** USPSCs who ordinarily qualify for home leave and have completed a 12-month assignment at one of the USAID qualifying posts (currently Iraq, Afghanistan and Pakistan) are entitled to take ten (10) workdays of leave in addition to the home leave an USPSCs is normally entitled to under the contract in accordance with sub-paragraphs (c)(1) - (6) above. This additional home leave is provided pursuant to an amendment to the Foreign Service Act of 1980 signed by the President on June 15, 2006.

There is no requirement that an eligible USPSC take this additional leave; it is for optional use by the USPSC. If an eligible USPSC elects to take HLQP, the USPSC must take ten (10) workdays of home leave. If the USPSC is returning to the United States and not returning overseas to the same or different USAID Mission, HLQP will not apply.

This new home leave policy is also extended to qualifying **Third-Country National PSCs (TCNPSCs)** who have an approved exception under AIDAR Appendix J, sec. 4(c)(2)(ii)(B), to apply specific provisions from AIDAR Appendix D, and whose contract includes this General Provision. However, TCNPSCs will be granted "country leave" vice home leave. The application, requirements, and restrictions will be the same as for USPSCs, but the time taken by a TCNPSC will be taken in the TCNPSC's home country or country of recruitment rather than in the United States, its commonwealths and territories.

**(e) Holidays and Excused Absences.** The contractor shall be entitled to all holidays and or excused absences granted by the USAID to U.S. direct-hire employees.

**(f) Military Leave.** Military leave of not more than 15 calendar days in any calendar year may be granted to a contractor who is a reservist of the U.S. Armed Forces. The contractor must provide advance notice of the pending military leave to the Contracting Officer or the Mission Director as soon as known. A copy of any such notice must be part of the contract file.

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

**(g) Leave Without Pay (LWOP).** LWOP may be granted only with the written approval of the Contracting Officer or Mission Director, unless a USPSC is requesting for such leave for family and leave purposes under paragraph (i) below.

**(h) Compensatory Time.** Compensatory time leave may be granted only with the written approval of the Contracting Officer or Mission Director in rare instances when it has been determined absolutely essential and used under those guidelines which apply to USAID U.S. direct-hire employees.

**(i) Family and Medical Leave (FML)**

- (1) USAID provides family and medical leave (FML) for eligible USPSCs working within the U.S., or any Territories or possession of the United States, in accordance with Title I of the Family and Medical Leave Act of 1993, as amended, and as administered by the Department of Labor under [29 CFR 825](#). USAID is also extending FML to eligible USPSCs working outside the U.S., or any Territories or possession of the U.S., in accordance with this paragraph (i) as a matter of policy discretion.
- (2) FML only applies to USPSCs, not any other type of PSC.
- (3) To be eligible for FML, a USPSC must have been employed (i) for at least 12 months by USAID; and (ii) for at least 1,250 hours of service with USAID during the previous 12-month period. The specific eligibility criteria and requirements are provided in USAID policy.
- (4) In accordance with [29 CFR 825.200\(a\)](#) and USAID policy, an eligible USPSC may take up to 12 workweeks of leave under FMLA, Title I, in any 12-month period for the following reasons:
  - (a) The care of the USPSC's newborn child.
  - (b) The care of the USPSC's newly placed adopted or foster care child.
  - (c) The care of the USPSC's spouse, child or parent with a serious health condition.
  - (d) The USPSC's own serious health condition.
  - (e) A qualifying exigency arising from the USPSC's spouse, child or parent in active duty military status.
  - (f) Other qualifying exigencies as determined by the Department of Labor.
- (5) In accordance with 29 CFR Part 825.207, the USPSC may take LWOP for FML purposes. However, the USPSC may choose to substitute LWOP with accrued paid leave, including accrued annual or sick leave, or compensatory time earned under this contract. If the USPSC does not choose to substitute accrued paid leave, the CO, in consultation with the USPSC's supervisor, may require the USPSC to substitute accrued paid leave for LWOP. The CO must verify the accuracy of the USPSC's accrued paid leave request and obtain the required certifications for approval of FML in accordance with the stated USAID policy.
- (6) FML is not authorized for any period beyond the completion date of this contract.
- (7) When requesting FML, the USPSC must demonstrate eligibility to the USPSC's supervisor by completing USAID's FML request forms, including certifications and other supporting documents required by USAID policy.

**Solicitation for a USPSC Global Programs Deputy Team Leader  
720FDA18B00063**

- (8) The U.S. Department of Labor's (DOL's) [Wage and Hour Division \(WHD\) Publication 1420](#) explains the FMLA's provisions and provides information concerning procedures for filing complaints for violations of the Act.

**(j) Leave Records.** The contractor shall maintain current leave records for himself/herself and make them available, as requested by the Mission Director or the Contracting Officer.

**GP 25. MEDICAL EVACUATION (MEDEVAC) SERVICES (MAY 2018)  
(Pursuant to class deviation #M/OAA-DEV-AIDAR-18-3c)**

USAID will provide Medevac services to the contractor and authorized dependents, through the Department of State's Bureau for Medical Services (MED), similar to those provided to U.S. Government employees in accordance with [16 FAM 300](#) Medical Travel. Medevac costs include travel and per diem, but do not include medical care costs. To be covered by the Medevac program, the contractor and authorized dependents must obtain and maintain international health insurance coverage that includes overseas hospitalization, and must provide proof of such insurance to the contracting officer prior to relocation abroad.
