

Request for Personal Service Contractor

United States Agency for International Development Office of U.S. Foreign Disaster Assistance

Position Title: Public Health and Nutrition Technical Advisor (Multiple Positions)
Solicitation Number: 720FDA19B00045
Salary Level: GS-13 Equivalent: \$99,172 - \$128,920
Issuance Date: June 12, 2019
Closing Date: July 24, 2019
Closing Time: 12:00 P.M. Eastern Time

Dear Prospective Offerors:

The United States Government (USG), represented by the U.S. Agency for International Development (USAID) Office of U.S. Foreign Disaster Assistance (OFDA), is seeking applications from qualified U.S. citizens to provide personal services as Public Health and Nutrition (PHN) Technical Advisor under a United States Personal Services Contract (USPSC), as described in the attached solicitation.

Submittals must be in accordance with the attached information at the place and time specified. Offerors interested in applying for this position **MUST** submit the following materials:

1. Complete resume. In order to fully evaluate your application, your resume must include:

- (a) Paid and non-paid experience, job title, location(s), dates held (month/year), and hours worked per week for each position. Dates (month/year) and locations for all field experience must also be detailed. **Any experience that does not include dates (month/year), locations, and hours per week will not be counted towards meeting the solicitation requirements.**
- (b) Specific duties performed that fully detail the level and complexity of the work.
- (c) Education and any other qualifications including job-related training courses, job-related skills, or job-related honors, awards or accomplishments.
- (d) U.S. Citizenship
- (e) **Optional:** How did you hear about this opportunity? (FedBizOps, OFDA Jobs, Career Fair, etc.).

Your resume should contain sufficient information to make a valid determination that you fully meet the experience requirements as stated in this solicitation. This information should be clearly identified in your resume. Failure to provide information sufficient to determine your qualifications for the position will result in loss of full consideration.

2. USPSC Application form AID 309-2. Offerors are required to complete sections A through I. This form must be physically signed. Electronic signatures will not be accepted.

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

**NOTE REGARDING DATA UNIVERSAL NUMBERING SYSTEM (DUNS) NUMBERS
AND THE SYSTEM FOR AWARD MANAGEMENT**

All USPSCs with a place of performance in the United States are required to have a Data Universal Numbering System (DUNS) number and be registered in the System for Award Management (SAM) database prior to receiving an award. You will be disqualified if you either fail to comply with this requirement or if your name appears on the excluded parties list. The selectee will be provided with guidance regarding this registration.

NOTE: As of March 28, 2018, all new SAM.gov entity registrations will now require a signed notarized letter identifying the authorized Entity administrator for the entity associated with the DUNS number. Additional information on the format of the notarized letter and where to submit can be found via the below Federal Service Desk link:

https://www.fsd.gov/fsd-gov/answer.do?sysparm_kbid=d2e67885db0d5f00b3257d321f96194b&sysparm_search=kb0013183

Additional documents submitted will not be accepted. Incomplete or late applications will not be considered. OFDA reserves the right to select additional candidates if vacancies become available during future phases of the selection process.

Offerors can expect to receive a confirmation email when application materials have been received. Offerors should retain for their records copies of all enclosures which accompany their applications. Your complete resume must be emailed to:

OFDA Recruitment Team

E-Mail Address: recruiter@ofda.gov

Website: www.OFDAjobs.net

Any questions on this solicitation may be directed to OFDA Recruitment Team via the information provided above.

Sincerely,

Renee Newton
Contracting Officer

- 6. PERIOD OF PERFORMANCE:** One (1) year, with four (4) one-year options
- 7. PLACE OF PERFORMANCE:** Washington, D.C.

8. STATEMENT OF WORK

POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into six divisions.

The Africa (AFD) Response Division and the Asia, Latin America, Europe, and Middle East (ALE) Response Division are responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), international organizations including United Nations (UN) agencies and to other partners to ensure the implementation and delivery of this assistance. These divisions also oversee OFDA's non-response efforts in disaster risk reduction and resilience. AFD and ALE Response Divisions also coordinate with other organizations for the provision of relief supplies and assistance. They devise, coordinate and implement program strategies for a variety of natural and complex disaster situations. Both Divisions encompass groups of operations specialists who provide technical expert capability in assessing the quality and strategic function of disaster response and risk reduction activities. The AFD Response Division is divided into two teams: East and Central Africa (ECA), and Southern, West, and North Africa (SWAN). The ALE Response Division is

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

divided into four teams: East Asia and the Pacific (EAP), Europe, the Middle East, and Central Asia (EMCA), Latin America and the Caribbean (LAC), and South Asia (SA).

The Operations (OPS) Division develops and manages operations for OFDA's disaster responses by readying people and systems; projecting U.S. Government (USG) humanitarian capacity quickly into the field; and delivering material and technical assistance. The OPS Division maintains readiness to respond to emergencies through several mechanisms, including managing Urban Search and Rescue Teams, coordinating, staffing, training, and equipping Disaster Assistance Response Teams (DARTs), and Washington-based Response Management Teams (RMTs), and stockpiling emergency relief commodities in key locations around the globe to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies. The OPS Division provides technical guidance and expertise in Disaster Logistics, Urban Search and Rescue, Operations Center management, activation/readiness, Civil-Military Liaison, and Chemical, Biological, Radiological, Nuclear and Explosive Consequence Management. It also provides overseas support to OFDA offices and personnel and to other sectors necessary to ensure OFDA's capacity to execute and coordinate USG humanitarian assistance and response to natural disasters and complex emergencies. The OPS Division is divided into four teams: the Disaster Assistance Support Program (DASP), Military Liaison Team (MLT), Operations Support Team (OST), and Overseas Administration Team (OAT).

The Program Support (PS) Division provides operational management support, including general administration, budget and financial services, procurement planning, information technology, human resources management including staff care, and contract and grant administration support to OFDA. The PS Division supports OFDA's mandate by providing innovative solutions in the areas of Information Technology, staffing, funds control, budgeting, human resource management, and procurement to facilitate timely disaster responses. The PS Division is divided into four teams: the Award, Audit, and Risk Management (AARM) Team, Human Resources Management (HRM) Team, Budget, Finance, and Information Technology (BFIT) Team, and the Acquisition and Management (ACQ) Team.

The Preparation, Strategic Planning and Mitigation (PSPM) Division is responsible for the technical oversight of all OFDA response and mitigation programs, as well as preparation for response, mitigation, and disaster risk reduction activities. The PSPM Division houses technical experts in all sectors potentially affected by disasters, and leads the Agency in developing and promoting best practices for programming in these specific sectors. In addition, PSPM will be the focal point for technological innovations for humanitarian assistance in areas such as monitoring and evaluation, assessment, and information management. The PSPM Division is divided into four teams: Cross-Cutting Sectors Team, Natural Hazards Team, Health Team, and the Food Security and Livelihoods Team.

The Humanitarian Policy and Global Engagement (HPGE) Division assists the DCHA front office, the OFDA Director and OFDA Deputy Director with tracking trends and policy developments in the humanitarian assistance field. It engages in policy dialogue with other parts of USAID, the USG interagency, other donors, multilateral agencies, and NGO partners;

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

recommends strategies for action to DCHA; initiates development of policy and internal guidance for OFDA; maintains global relationships with implementing partners, other donors, and the broader humanitarian architecture; and engages with the UN to advance USG humanitarian policy objectives and promote humanitarian principles within the USG and internationally. The HPGE Division leads OFDA's communications and social media outreach to effectively communicate OFDA's story to a variety of strategic audiences. It serves as the office's primary interlocutor on strategic issues with other federal partners to provide guidance to OFDA on policy issues pertaining to the interagency, and to improve USG humanitarian coordination and response during large-scale crises. The HPGE Division staff manages global programs, policy and outreach, strategic communications, and interagency training and engagement. HPGE is divided into seven teams: Policy Team, Global Programs Team, Strategic Interagency Team, Strategic Communications Team, Global Capacity and Leadership Development Team, Public-Private Engagement Team, and the United States Mission to the UN (USUN) in New York, Geneva, and Rome.

INTRODUCTION

The Public Health and Nutrition Technical Advisor is an integral part of the OFDA Health Team. OFDA addresses acute health risks associated with disasters with a strong focus on identifying and managing health risks in complex humanitarian emergencies. In natural and complex emergencies, excess morbidity and mortality often result from malnutrition, diarrheal diseases, malaria, and acute respiratory infections. These conditions disproportionately affect vulnerable groups (children under five years of age, the elderly, people with disabilities, and women). The Health and Nutrition sector in the Health team provides technical assistance to OFDA including assessments, proposal reviews, risk management, capacity building and technical innovations to address the major causes of excess morbidity and mortality. Typical OFDA Health and Nutrition interventions include provision of life saving health and nutrition services for vulnerable and internally displaced populations affected by either natural or complex disasters.

OBJECTIVE

OFDA requires the services of a Public Health and Nutrition Technical Advisor in order to meet its objective of ensuring effective, high quality public health and nutrition interventions in OFDA humanitarian operations and programs.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The OFDA Public Health and Nutrition Technical Advisor will have the following duties and responsibilities:

- Provide expert technical advice for humanitarian health interventions for disaster response to USAID and OFDA staff based in Washington, D.C. and field offices.
- Conduct public health assessments of vulnerable populations and make expert recommendations for appropriate relief activities.

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

- Facilitate and coordinate USG emergency technical response activities with the USAID Bureau for Global Health, Missions, other donor agencies, and the U.S. Embassy.
- Develop and implement evaluations to determine the effectiveness of OFDA funded public health projects with implementing partners.
- Represent OFDA in emergency public health discussions and activities, serve as a USG emergency health sector resource, and provide technical and organizational leadership in sectoral activity as the primary technical expert for emergency health interventions.
- Lead OFDA's approach to health activities, formulate sector strategies and recommendations for both emergency response and disaster risk reduction, and provide technical support for OFDA field offices, other offices within USAID, and to OFDA's PSPM Division.
- Exercise independent judgment and decision-making related to humanitarian health activities, both in the U.S. and in the field.
- Interact with NGO partners, other donor agencies, the international humanitarian community, the health cluster and other USAID staff as well as the Interagency working in the various public health sectors; attend meetings and other relevant events and forums.
- Contribute to technical review of proposals submitted by NGO and UN partners for humanitarian response and disaster risk reduction activities. Incorporate new developments in the emergency health sector into OFDA programming.
- Lead assessment teams or guide and coordinate the work of other technical staff within the health sector.
- Coordinate, plan, implement, evaluate, and prioritize emergency health activities to ensure that efforts in assigned program areas meet needs of affected populations and satisfy the goals and objectives of the response program.
- Liaise with response actors to determine the capacity of the affected community and ensure that adequate resources are available to the international response effort. Brief host governments, the U.S. Military, U.S. Embassy and USAID Mission.
- Identify emergency public health risk reduction and prevention measures that could be linked to disaster response activities. Review risk reduction principles and make expert recommendations on course of action.
- Develop various types of country/regional strategies for field offices, DARTs and assessment teams. Provide briefings and written reports.
- Sign-up for and serve as needed, on Washington-based RMTs, which provides services and support to DARTs deployed in response to disasters. The duties on RMTs will be varied.
- Serve as the OFDA after-hours duty officer on a rotational basis, for approximately one week every six months.
- As needed, serve on Disaster Assistance Response Teams (DARTs) which may require immediate (within 24 hours) deployment overseas for an extended period of time.
- As needed, may serve on temporary details within the office to meet operational needs during staff shortages, not to exceed six months. Duties performed while on detail will be aligned with the Team's existing duties and responsibilities as well as directly related to the scope of work provided.

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

SUPERVISORY RELATIONSHIP:

The USPSC will work under the general management of the Health Team Lead and under supervision of the PSPM Division Director or his/her designee.

SUPERVISORY CONTROLS:

Supervisor sets overall objectives and resource available; the USPSC consults with supervisor to develop deadlines, projects and work to be done. The USPSC is responsible for planning and carrying out assignments. The USPSC is responsible for planning approach or methodology to be used in carrying out assignments.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on DARTs (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on DARTs (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

12. START DATE: Immediately, once necessary clearances are obtained.

13. POINT OF CONTACT: See Cover Letter.

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

EDUCATION/EXPERIENCE REQUIRED FOR THIS POSITION

(Determines basic eligibility for the position. Offerors who do not meet all of the education and experience factors are considered NOT qualified for the position.)

Master's Degree in Public Health with extensive relevant experience and training in, but not limited to, international/public health, or epidemiology will be considered. In addition, a minimum of five (5) years of progressively responsible experience working in humanitarian relief and response, of which at least three (3) years were obtained overseas, working in the emergency public health sector, is required.

SELECTION FACTORS

(Determines basic eligibility for the position. Offerors who do not meet all of the selection factors are considered NOT qualified for the position.)

- Offerors is a U.S. Citizen.
- Complete resume submitted. See cover page for resume requirements. Experience that cannot be quantified will not be counted towards meeting the solicitation requirements.
- USPSC Application form AID 309-2. Offerors are required to complete sections A through I. This form must be physically signed. Electronic signatures will not be accepted.
- Ability to obtain and maintain a Secret up to Top Secret/Sensitive Compartmented Information level clearance as provided by USAID.
- Ability to obtain a Department of State medical clearance.
- Must not appear as an excluded party in the System for Award Management (SAM.gov).
- Satisfactory verification of academic credentials.

OFFEROR RATING SYSTEM

The offeror rating system factors are used to determine the competitive ranking of qualified offerors in comparison to other offerors. Offerors must demonstrate the rating factors outlined below within their resume, as they are evaluated strictly by the information provided. The rating factors are as follows:

Professional Experience (15 points)

- Demonstrated experience as Public Health Advisor/implementer in field humanitarian relief settings, developing and implementing programs with NGOs, UN, International Organizations, and/or USG.
- Demonstrated experience in assessing, designing and/or reviewing technical Health proposals for best practice and technical merit.
- Demonstrated knowledge of and familiarity with of the Humanitarian field, NGO, IO, UN, USG stakeholders including operations and practices.

Skills and Abilities (20 points)

- Demonstrated experience representing and providing technical input in a coordinating unit or technical body such as the Health Cluster or sectoral meetings.
- Demonstrated ability to interact and liaise with high ranking officials at national and international level in unstructured settings; as well as in formal settings and briefings for host nations, USG, and UN entities.

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

- Demonstrated ability to coordinate, plan, implement, and evaluate and prioritize emergency health activities to ensure that efforts in assigned program areas are meeting the needs of affected populations and satisfy the goals and objectives of the response program. Ability to determine the capacity of the affected community and ensure that adequate resources are available to the international response effort.
- Demonstrated ability to identify emergency public health risk reduction and prevention measures that could be linked to disaster response activities. Ability to review risk reduction principles and makes expert recommendations on course(s) of action.
- Demonstrated ability to develop various types of country/regional strategies for field offices, response teams and assessment teams. Provide briefings and written reports.

Interview Performance (45 points)

Satisfactory Professional Reference Checks (20 points)

Total Possible Points: 100

BASIS OF RATING: Offerors who meet the Education/Experience requirements and Selection Factors will be further evaluated in accordance with the Offeror Rating System. Those offerors determined to be competitively ranked may also be evaluated on interview performance and satisfactory professional reference checks.

Offerors are required to address each factor of the Offeror Rating System in their resume, describing specifically and accurately what experience, training, education and/or awards they have received as it pertains to each factor. Be sure to include your name and the announcement number at the top of each additional page. Failure to address the selection factors and/or Offeror Rating System factors may result in not receiving credit for all pertinent experience, education, training and/or awards.

The most qualified candidates may be interviewed and required to provide a writing sample. OFDA will not pay for any expenses associated with the interviews. Professional references and academic credentials will be evaluated for offerors being considered for selection. Note: Please be advised that references may be obtained independently from other sources in addition to the ones provided by an offeror. OFDA reserves the right to select additional candidates if vacancies become available during future phase of the selection process.

APPLYING:

Applications must be **received** by the closing date and time at the address specified in the cover letter.

Qualified individuals are **required** to submit:

1. Complete resume. In order to fully evaluate your application, your resume must include:

**Solicitation for a USFSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

- (a) Paid and non-paid experience, job title, location(s), dates held (month/year), and hours worked per week for each position. Dates (month/year) and locations for all field experience must also be detailed. **Any experience that does not include dates (month/year), locations, and hours per week will not be counted towards meeting the solicitation requirements.**
- (b) Specific duties performed that fully detail the level and complexity of the work.
- (c) Education and any other qualifications including job-related training courses, job-related skills, or job-related honors, awards or accomplishments.
- (d) U.S. Citizenship.
- (e) **Optional:** How did you hear about this opportunity? (FedBizOps, OFDA Jobs, Career Fair, etc.).

Your resume should contain sufficient information to make a valid determination that you fully meet the experience requirements as stated in this solicitation. This information should be clearly identified in your resume. Failure to provide information sufficient to determine your qualifications for the position will result in loss of full consideration.

- 2. USFSC Application form AID 309-2. Offerors are required to complete sections A through I. This form must be physically signed. Electronic signatures will not be accepted.

Additional documents submitted will not be accepted.

By submitting your application materials, you certify that all of the information on and attached to the application is true, correct, complete, and made in good faith. You agree to allow all information on and attached to the application to be investigated. False or fraudulent information on or attached to your application may result in you being eliminated from consideration for this position, or being terminated after award, and may be punishable by fine or imprisonment.

To ensure consideration of applications for the intended position, please reference the solicitation number on your application, and as the subject line in any email.

DOCUMENT SUBMITTALS

Via email: recruiter@ofda.gov

NOTE: If the full security application package is not submitted within 30 days after the Office of Security determines eligibility, the offer may be rescinded. If a Secret security clearance is not obtained within nine months after offer acceptance, the offer may be rescinded. If Top Secret is required, and clearance is not obtained within nine months after award, USAID may terminate the contract at the convenience of the government. If Sensitive Compartmented Information (SCI) access is not obtained within nine months after Top Secret clearance is granted, USAID may terminate the contract at the convenience of the government.

NOTE: If the full medical clearance package is not submitted within two months after offer acceptance, the offer may be rescinded. If a Department of State medical clearance is not obtained within six months after offer acceptance, the offer may be rescinded.

ATTACHMENT 1

USPSC PROVISION “MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)”

MEDICAL EXPENSE PAYMENT RESPONSIBILITY (OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 (available at <http://www.foia.state.gov/REGS/fams.asp?level=2&id=59&fam=0>). Note: personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

- (1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;
- (2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and
- (3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation AAPD 06-10 PSC Medical Expense Payment Responsibility 6 Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member.

In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor’s invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual’s behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the

720FDA19B00045**

USPSC/dependent. (i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting AAPD 06-10 PSC Medical Expense Payment Responsibility 7 Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

End of Provision

ATTACHMENT 2

**GP 5. LEAVE AND HOLIDAYS (DEC 2017)
(Pursuant to class deviation #M/OAA-DEV-AIDAR-18-1c)**

(a) Annual Leave

(1) The contractor is not entitled to annual leave if the period of performance of this contract is 90 days or less. If the contract period of performance is more than 90 days, the contractor shall earn annual leave as of the start date of the contract period of performance as specified in paragraph (a)(2) below.

(2) The contractor shall accrue annual leave based on the contractor's time in service according to the following table:

Time in Service	Annual Leave (AL) Accrual Calculation
0 to 3 years	Four hours of leave for each two week period
over 3, and up to 15 years	Six hours of AL for each two week period (including 10 hours AL for the final pay period of a calendar year)
over 15 years	Eight hours of AL for each two week period

USAID will calculate the contractor's time in service based on all the previous service performed by the contractor as a: 1) USAID PSC (i.e., the contractor has served under any USAID personal services contracts of any duration covered by Sec. 636(a)(3) of the FAA or other statutory provision applicable to USAID); and/or 2) former U.S. Government (USG) direct-hire, under either civilian and/or military service.

(3)

(i) AL is provided under this contract for the purposes of affording necessary rest and recreation during the period of performance. The contractor, in consultation with the USAID Mission or USAID/Washington, as appropriate, shall develop an AL schedule early in the contractor's period of performance, taking into consideration project requirements, employee preference, and other factors. All AL earned by the contractor must be used during the contractor's period of performance. All AL earned by the contractor, but not taken by the end of the contract, will be forfeited. However, to prevent forfeiture of AL, the Contracting Officer may approve the contractor taking AL during the concluding weeks of the contractor's period of performance.

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

(ii) As an exception to 3(i) above, the contractor may receive a lump-sum payment for leave not taken. To approve this exception, the contractor's supervisor must provide the Contracting Officer with a signed, written Determination and Findings (D&F). The D&F must set out the facts and circumstances that prevented the contractor from taking AL, and the Contracting Officer must find that these facts and circumstances were not caused by, or were beyond the control of, the contractor. This leave payment must not exceed the number of days which could be earned by the contractor during a twelve-month period.

(4) With the approval of the Mission Director or cognizant AA, as appropriate, and if the circumstances warrant, a Contracting Officer may grant the contractor advance AL in excess of the amount earned, but in no case may the Contracting Officer grant advance AL in excess of the amount earned in one year or over the life of the contract, whichever is less. The contractor agrees to reimburse USAID for any outstanding balance of advance AL provided during the contractor's assignment under the contract.

(5) Applicants for PSC positions will provide evidence of their PSC and/or USG direct-hire service - civilian and/or military experience, as applicable, on their signed and dated application form required under USAID policy. By signing the appropriate form, the applicant attests to the accuracy of the information provided. Any applicant providing incorrect information is subject to the penalty provisions in the form. If required to satisfy due diligence requirements on behalf of the Contracting Officer, the contractor may be required to furnish evidence that verifies length of service, e.g., SF 50, DD Form 214, and/or signed contracts.

(b) Sick Leave. The contractor may use sick leave on the same basis and for the same purposes as USAID U.S. direct hire employees. Sick leave is earned at a rate not to exceed four (4) hours every two (2) weeks for a total of 13 work-days per year. Unused sick leave may be carried over under an extension or renewal of this contract with the same individual for the same work. Otherwise, sick leave will not be carried over from one post to another or from one contract to another. The contractor will not be compensated for unused sick leave upon completion of this contract.

(c) Home Leave.

(1) Home leave is leave earned for service abroad for use only in the U.S., its commonwealths, possessions and territories.

(2) A USPSC who has served at least two years overseas at the same USAID Mission, under the same contract, as defined in paragraph (c)(4) below, and has not taken more than 30 work days leave (annual, sick or LWOP) in the U.S. may be granted home leave in accordance with the following:

(i) if the USPSC returns to the same overseas post upon completion of home leave for an additional two (2) years under the same contract, the USPSC will receive home leave, to be taken at one time, for a period of 30 work days; or
if the USPSC returns to the same overseas post upon completion of home leave for such shorter period of not less than one year, as approved in writing by the Mission Director prior to the USPSCs departure on home leave, the USPSC will receive home leave, to be taken at

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

one time, for a period of 30 work days.

(ii) if the USPSC is returning to a different USAID Mission under a USAID personal services contract immediately following completion of the USPSC's home leave, for an additional two (2) years under contract, or for such shorter period of not less than one (1) year, as approved by the Mission Directors of the "losing" and "gaining" Missions, the contractor will receive home leave, to be taken at one time, for a period of not more than 20 work days. When the PSC is returning to a different USAID Mission, the former Mission will pay for the home leave regardless of what country the PSC will be working in following the home leave;

(iii) if home leave eligibility is based on (c)(2)(ii) above, the USPSC must submit written verification to the losing Mission at the time home leave is requested that the USPSC has accepted a USAID personal services contract at another USAID Mission following completion of the home leave;

(iv) travel time by the most direct route is authorized in addition to the number of work days authorized for home leave;

(v) home leave must be taken in the U.S., its commonwealths, possessions or territories, and any days spent elsewhere will be charged to annual leave (AL.) If the PSC does not have accrued AL, the PSC will be placed on LWOP.

(vi) if the PSC does not complete the additional service required under (c)(2)(i) or (ii) (that the Contracting Officer finds are other than for reasons beyond the PSC's control), the cost of home leave, travel and transportation and any other related costs must be repaid by the PSC to the Government.

(3) Notwithstanding the requirement in paragraph (c)(2) above, that the USPSC must have served two (2) years overseas under personal services contract with the same Mission to be eligible for home leave, the USPSC may be granted advance home leave subject to all of the following conditions:

(i) Granting of advanced home leave would in each case serve to advance the attainment of the objectives of this contract; and

(ii) The USPSC has served a minimum of 18 months in the Cooperating Country under this contract; and

(iii) The USPSC agrees to return to the Cooperating Country to serve out the remaining time necessary to meet two (2) years of service overseas, plus an additional two (2) years under the current contract or under a new contract for the same or similar services at the same Mission. If approved in advance by the Mission Director, the USPSC may return to serve out any remainder of the two (2) year requirement for service overseas, plus an additional period of not less than one (1) year under the current contract or under a new contract for the same or similar services at the same Mission.

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

(4) The period of service overseas required under paragraph (c)(2), or paragraph (c)(3) above, will include the actual days in orientation in the U.S. (less language training). The actual days overseas begin on the date of arrival in the cooperating country inclusive of authorized delays enroute. Allowable annual and sick leave taken while overseas, but not LWOP, shall be included in the required period of service overseas. An amount equal to the number of days of annual and sick leave taken in the U.S., its commonwealths, possessions or territories will be added to the required period of service overseas.

(5) Salary during the travel to and from the U.S., for home leave will be limited to the time required for travel by the most expeditious air route. Except for reasons beyond the USPSC's control as determined by the Contracting Officer, the USPSC must return to duty after home leave and complete the additional required service or be responsible for reimbursing USAID for payments made during home leave. Unused home leave is not reimbursable under this contract, nor can it be taken incrementally in separate time periods.

(6) Home leave must be taken at one time, and to the extent deemed necessary by the Contracting Officer, an USPSC in the U.S., on home leave may be authorized to spend not more than five (5) days in work status for consultation at USAID/Washington before returning to post. Consultation at locations other than USAID/Washington as well as any time in excess of five (5) days spent for consultation must be approved by the Mission Director or the Contracting Officer.

(d) Home Leave for Qualifying Posts (HLQP). USPSCs who ordinarily qualify for home leave and have completed a 12-month assignment at one of the USAID qualifying posts (currently Iraq, Afghanistan and Pakistan) are entitled to take ten (10) workdays of leave in addition to the home leave an USPSCs is normally entitled to under the contract in accordance with sub-paragraphs (c)(1) - (6) above. This additional home leave is provided pursuant to an amendment to the Foreign Service Act of 1980 signed by the President on June 15, 2006.

There is no requirement that an eligible USPSC take this additional leave; it is for optional use by the USPSC. If an eligible USPSC elects to take HLQP, the USPSC must take ten (10) workdays of home leave. If the USPSC is returning to the United States and not returning overseas to the same or different USAID Mission, HLQP will not apply.

This new home leave policy is also extended to qualifying **Third-Country National PSCs (TCNPSCs)** who have an approved exception under AIDAR Appendix J, sec. 4(c)(2)(ii)(B), to apply specific provisions from AIDAR Appendix D, and whose contract includes this General Provision. However, TCNPSCs will be granted "country leave" vice home leave. The application, requirements, and restrictions will be the same as for USPSCs, but the time taken by a TCNPSC will be taken in the TCNPSC's home country or country of recruitment rather than in the United States, its commonwealths and territories.

(e) Holidays and Excused Absences. The contractor shall be entitled to all holidays and or excused absences granted by the USAID to U.S. direct-hire employees.

(f) Military Leave. Military leave of not more than 15 calendar days in any calendar year may be granted to a contractor who is a reservist of the U.S. Armed Forces. The contractor must provide

**Solicitation for a USPSC Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

advance notice of the pending military leave to the Contracting Officer or the Mission Director as soon as known. A copy of any such notice must be part of the contract file.

(g) Leave Without Pay (LWOP). LWOP may be granted only with the written approval of the Contracting Officer or Mission Director, unless a USPSC is requesting for such leave for family and leave purposes under paragraph (i) below.

(h) Compensatory Time. Compensatory time leave may be granted only with the written approval of the Contracting Officer or Mission Director in rare instances when it has been determined absolutely essential and used under those guidelines which apply to USAID U.S. direct-hire employees.

(i) Family and Medical Leave (FML)

(1) USAID provides family and medical leave (FML) for eligible USPSCs working within the U.S., or any Territories or possession of the United States, in accordance with Title I of the Family and Medical Leave Act of 1993, as amended, and as administered by the Department of Labor under [29 CFR 825](#). USAID is also extending FML to eligible USPSCs working outside the U.S., or any Territories or possession of the U.S., in accordance with this paragraph (i) as a matter of policy discretion.

(2) FML only applies to USPSCs, not any other type of PSC.

(3) To be eligible for FML, a USPSC must have been employed (i) for at least 12 months by USAID; and (ii) for at least 1,250 hours of service with USAID during the previous 12-month period. The specific eligibility criteria and requirements are provided in USAID policy.

(4) In accordance with [29 CFR 825.200\(a\)](#) and USAID policy, an eligible USPSC may take up to 12 workweeks of leave under FMLA, Title I, in any 12-month period for the following reasons:

(a) The care of the USPSC's newborn child.

(b) The care of the USPSC's newly placed adopted or foster care child.

(c) The care of the USPSC's spouse, child or parent with a serious health condition.

(d) The USPSC's own serious health condition.

(e) A qualifying exigency arising from the USPSC's spouse, child or parent in active duty military status.

(f) Other qualifying exigencies as determined by the Department of Labor.

(5) In accordance with 29 CFR Part 825.207, the USPSC may take LWOP for FML purposes. However, the USPSC may choose to substitute LWOP with accrued paid leave, including accrued annual or sick leave, or compensatory time earned under this contract. If the USPSC does not choose to substitute accrued paid leave, the CO, in consultation with the USPSC's supervisor, may require the USPSC to substitute accrued paid leave for LWOP. The CO must verify the accuracy of the USPSC's accrued paid leave request and obtain the required certifications for approval of FML in accordance with the stated USAID policy.

(6) FML is not authorized for any period beyond the completion date of this contract.

(7) When requesting FML, the USPSC must demonstrate eligibility to the USPSC's supervisor by completing USAID's FML request forms, including certifications and other supporting documents required by USAID policy.

(8) The U.S. Department of Labor's (DOL's) [Wage and Hour Division \(WHD\) Publication 1420](#) explains the FMLA's provisions and provides information concerning procedures for filing complaints for violations of the Act.

**Solicitation for a USpsc Public Health and Nutrition
Technical Advisor (Multiple Positions)
720FDA19B00045**

(j) Leave Records. The contractor shall maintain current leave records for himself/herself and make them available, as requested by the Mission Director or the Contracting Officer.

[END PROVISION]

ATTACHMENT 3

**Title 48 of the Code of Federal Regulations (CFR) Chapter 7
USAID Acquisition Regulation (AIDAR)**

**APPENDIX D--DIRECT USAID CONTRACTS WITH A U.S. CITIZEN OR A U.S.
RESIDENT ALIEN FOR PERSONAL SERVICES ABROAD**

**GP 25. MEDICAL EVACUATION (MEDEVAC) SERVICES (MAY 2018)
(Pursuant to class deviation #M/OAA-DEV-AIDAR-18-3c)**

USAID will provide Medevac services to the contractor and authorized dependents, through the Department of State's Bureau for Medical Services (MED), similar to those provided to U.S. Government employees in accordance with [16 FAM 300](#) Medical Travel. Medevac costs include travel and per diem, but do not include medical care costs. To be covered by the Medevac program, the contractor and authorized dependents must obtain and maintain international health insurance coverage that includes overseas hospitalization, and must provide proof of such insurance to the contracting officer prior to relocation abroad.

[END PROVISION]
