POSITION DESCRIPTION

BACKGROUND

The Office of U.S. Foreign Disaster Assistance (OFDA) is the office within USAID that is responsible for providing emergency non-food humanitarian assistance in response to international crises and disasters. OFDA is part of the Bureau for Democracy, Conflict, and Humanitarian Assistance (DCHA) and is organized into three divisions. The Disaster Response and Mitigation Division (DRM) is responsible for the provision of emergency humanitarian assistance through a grants mechanism to non-governmental organizations (NGOs), Private Voluntary Organizations (PVOs), the United Nations agencies and to partners to ensure the implementation and delivery of this assistance. This division also oversees OFDA's non-response efforts in disaster risk reduction and resilience. DRM also coordinates with other organizations and donors for the provision of relief supplies and assistance. DRM devises, coordinates, and implements program strategies for a variety of natural and human caused disaster situations with a focus on disaster risk reduction. It encompasses a group of technical sector specialists who provide expert capability in assessing the quality of disaster response and disaster risk reduction activities. The Program Support Division (PS) provides programmatic and administrative support including budget/financial services, procurement planning and guidance, contracts and grants administration, and communication support for OFDA's Washington and field offices. The Operations Division (OPS) develops and manages logistical and operational support for disaster responses and administrative support to all offices and operations. OPS maintains readiness to respond to emergencies through several mechanisms, including managing Search

and Rescue Teams (SAR), coordinating and supporting Disaster Assistance Response Teams (DARTs), and the Washington-based Response Management Teams (RMTs) as needed.

INTRODUCTION

South Sudan continues to grapple with the effects of conflict, severe economic challenges, population displacement, and recurrent natural disasters such as flooding. On December 15, clashes erupted in the capital city, Juba, between factions within the Government of the Republic of South Sudan (RSS). Heavy fighting has claimed the lives of thousands of people and driven almost half a million people from their homes. Nearly 70,000 people are sheltering at U.N. peacekeeping bases and seven out of ten states have been affected by the violence in South Sudan. Humanitarian agencies report widespread looting of food commodities and other humanitarian assets. The current situation compounds the humanitarian emergency which preceded the current outbreak of hostilities, where more than 4.4 million people were in need of humanitarian assistance. Worsening security conditions in some areas, government imposed restrictions, harassment of NGOs, weak and unpredictable governance, landmines, and logistical challenges further hinder the delivery of critical assistance to populations in need. In addition, most populations are increasingly less able to cope with deteriorating economic conditions due to prolonged exposure to external shocks that have depleted household assets and negatively impacted livelihoods, and are thus reliant on the humanitarian community for basic food and non-food assistance.

Due to the unrest, the U.S. Embassy in Juba ordered the departure of non-emergency USG personnel from South Sudan on December 18, 2013. On December 20, 2013, USAID activated a Disaster Assistance Response Team (DART) based in Nairobi, Kenya, to lead the USG response to the developing crisis in South Sudan. USAID also stood up a Washington, D.C.-based Response Management Team (RMT) to support the DART.

The Program Officer (PO) is one of OFDA's humanitarian representatives in South Sudan and is currently co-located with the DART in Nairobi, Kenya. The PO assists with coordination and management of OFDA's humanitarian emergency efforts in South Sudan, which totaled \$60 million portfolio during fiscal year 2013.

OBJECTIVE

OFDA requires the services of a Program Officer for South Sudan to coordinate disaster response activities and carry out OFDA's lead role in facilitating and coordinating USG emergency assistance overseas.

9. CORE FUNCTIONAL AREAS OF RESPONSIBILITY

During ordered departure status: Washington, DC or East and Central Africa region
Permanent duty station: Juba, South Sudan

Due to the evacuation of USAID staff from Juba, the PO will work in Washington, DC but will be required to undertake Temporary Duty Assignments (TDYs) for approximately 90 percent of

Solicitation for a USPSC Program Officer – Juba, South Sudan
SOL-OFDA-14-000034

the time in the East and Central Africa region. When employees are authorized to return to the US Mission in South Sudan, the PO will transfer to Juba, which will become the PO's permanent duty station. The criticality of this position demands that the TDY be wherever the DART is deployed, which may include Nairobi, Juba, or another post within the region. The PO will function as part of the DART until the DART is deactivated, at which time the PO will assume responsibility permanently as part of the South Sudan team.

CORE FUNCTIONAL AREAS OF RESPONSIBILITY

DUTIES AND RESPONSIBILITIES

The OFDA Program Officer will primarily provide full time in-country coordination and management of OFDA programming for humanitarian emergency and disaster risk reduction activities throughout South Sudan. The PO may assist in humanitarian assistance activities elsewhere in the region as needed.

This position requires effective daily coordination with several OFDA staff members, as well as with representatives from other USAID offices, Embassy staff, and the humanitarian community, and therefore requires a highly collaborative work style. The PO must be prepared to function effectively in a challenging and restrictive work environment and be willing to strictly adhere to U.S. Embassy security guidelines. The incumbent may be required to serve as a critical component of a U.S. government disaster assessment team, DART, RMT, or to backfill other staff members in the overseas office.

The Program Officer's responsibilities will include the following:

Contextual Specialty

- Develop and maintain specialized understanding of humanitarian developments within South Sudan to include political, social, and operational issues impacting humanitarian efforts.
- Develop and maintain knowledge of USAID, USA, and US humanitarian priorities and strategies within South Sudan and USAID/OFDA's contributions and comparative advantages to those efforts.
- Provide regular reporting, through official cables and other means, on issues related to the humanitarian situation in South Sudan. Provide overviews of patterns and trends in the humanitarian situation and keep the Senior Humanitarian Advisor (SHA), Team Lead, and other staff current on response issues. Provide regular reports on site visits, meetings, general atmospherics and other issues that impact humanitarian relief efforts.

Portfolio Management

- Develop and maintain a detailed working knowledge of OFDA's humanitarian portfolio in South Sudan.
- Work with OFDA's program staff based in DC and South Sudan in the development of OFDA's programming for response and disaster risk reduction activities in South Sudan, ensure complementarity between the two strategies, and oversee implementation of each.

Solicitation for a USPSC Program Officer – Juba, South Sudan
SOL-OFDA-14-000034

- Continually assess emergency response and disaster risk reduction needs South Sudan in order to ensure that OFDA’s programs are appropriately responsive.
- In close coordination with the SHA, the Principal Regional Advisor (PRA), Regional Coordinator (RC), and Disaster Operations Specialist (DOS), work with NGOs, IOs, and UN agencies that are developing proposals for OFDA (including grant amendments and extensions). Ensure that draft proposals are in compliance with “OFDA's Guidelines for Unsolicited Proposals and Reporting.” Review concept papers and proposals, and provide recommendations/comments to OFDA for final funding determination.
- Assist headquarters bases Agreement Officer’s Representatives in managing humanitarian awards by providing field-based insights, knowledge, and perspectives.
- Travel as permitted to assess, evaluate and monitor humanitarian conditions in South Sudan, and make strategic recommendations for appropriate interventions.

Representation

- Serve as the principal contact point within South Sudan for OFDA programming. Coordinate closely with both field and headquarters-based components of OFDA’s Regional Team.
- Support the SHA in maintaining relations with the senior leadership of the humanitarian community in South Sudan in representing USAID and OFDA on humanitarian issues. This will include but is not limited to UN agencies, IOs, NGOs, U.S. government personnel, donors, host government authorities, and others.
- Participate in and report on joint donor humanitarian evaluations and UN-led assessments, and participate actively in the international community response structures.
- With guidance from the SHA, coordinate with the donor community on policy issues affecting humanitarian operations, and develop integrated, non-duplicative programs.
- Maintain regular contact with OFDA grantees, as well as other UN agencies, IOs, and NGOs. As requested by the SHA, meet regularly with donors, host government officials, USG agencies, and others on humanitarian issues in order to explain, advocate for, and advance OFDA’s priorities and to help coordinate USG and international humanitarian activities.

Leadership

- Conduct performance reviews and evaluations, and coordinate staff development plans for OFDA South Sudan program team members, with guidance from the SHA.

General Duties

- Prepare briefing papers, notes and presentations on OFDA programming for official U.S. government visitors interested in humanitarian issues.
- Serve in program and planning roles on Disaster Assistance Response Teams (DARTS) in the field, Response Management Teams (RMTs) at headquarters in program, and/or other response efforts outside of South Sudan as needed.

SUPERVISORY RELATIONSHIP:

The Program Officer will report to the SHA for South Sudan and maintain close coordination with the DOS in Washington, D.C.

**Solicitation for a USPSC Program Officer – Juba, South Sudan
SOL-OFDA-14-000034**

SUPERVISORY CONTROLS:

The supervisor will set overall objectives and will work with the Program Officer to determine deadlines and work priorities. The incumbent is expected to take initiative, act independently, and perform with moderate direction in responding to humanitarian emergencies as part of a fast-paced office environment.

10. PHYSICAL DEMANDS

The work is generally sedentary and does not pose undue physical demands. During deployment on Disaster Assistance Response Teams (DARTs) (if required), and during site visits, there may be some additional physical exertion including long periods of standing, walking over rough terrain, or carrying of moderately heavy items (less than 50 pounds).

11. WORK ENVIRONMENT

Work is primarily performed in an office setting. During deployment on Disaster Assistance Response Teams (DARTs) (if required), and during site visits, the work may additionally involve special safety and/or security precautions, wearing of protective equipment, and exposure to severe weather conditions.

12. START DATE: Immediately, once necessary clearances are obtained.

13. POINT OF CONTACT: See Cover Letter.

EDUCATION/EXPERIENCE REQUIRED FOR THIS POSITION

Bachelor's degree with significant study in or pertinent to a specialized field (including, but not limited to, international relations, economics, food policy or a related field) and a minimum of five (5) years of progressively responsible experience in emergency relief and humanitarian assistance, which must include at least one (1) year of on-the-ground international field experience working in humanitarian assistance. This experience must include one or more of the following: emergency relief operations; monitoring and evaluating humanitarian programs, or needs assessment or analysis.

OR

Master's degree with significant study in or pertinent to a specialized field (including, but not limited to, international relations, economics, food policy or a related field) and a minimum of four (4) years of progressively responsible experience in emergency relief and humanitarian assistance, which must include at least one (1) year of on-the-ground international field experience working in humanitarian assistance. This experience must include one or more of the following: emergency relief operations; monitoring and evaluating humanitarian programs, or needs assessment or analysis.

ACQUISITION & ASSISTANCE POLICY DIRECTIVE (AAPD) NO. 06-10
PSC MEDICAL EXPENSE PAYMENT RESPONSIBILITY

General Provision 22, MEDICAL EXPENSE PAYMENT RESPONSIBILITY
(OCTOBER 2006)

(a) Definitions. Terms used in this General Provision are defined in 16 FAM 116 available at <http://www.state.gov/m/a/dir/regs/fam/16fam/index.htm>.

Note: Personal services contractors are not eligible to participate in the Federal Employees Health Programs.

(b) The regulations in the Foreign Affairs Manual, Volume 16, Chapter 520 (16 FAM 520), Responsibility for Payment of Medical Expenses, apply to this contract, except as stated below. The contractor and each eligible family member are strongly encouraged to obtain health insurance that covers this assignment. Nothing in this provision supersedes or contradicts any other term or provision in this contract that pertains to insurance or medical costs, except that section (e) supplements General Provision 25. “MEDICAL EVACUATION (MEDEVAC) SERVICES.”

(c) When the contractor or eligible family member is covered by health insurance, that insurance is the primary payer for medical services provided to that contractor or eligible family member(s) both in the United States and abroad. The primary insurer’s liability is determined by the terms, conditions, limitations, and exclusions of the insurance policy. When the contractor or eligible family member is not covered by health insurance, the contractor is the primary payer for the total amount of medical costs incurred and the U.S. Government has no payment obligation (see paragraph (f) of this provision).

(d) USAID serves as a secondary payer for medical expenses of the contractor and eligible family members who are covered by health insurance, where the following conditions are met:

(1) The illness, injury, or medical condition giving rise to the expense is incurred, caused, or materially aggravated while the eligible individual is stationed or assigned abroad;

(2) The illness, injury, or medical condition giving rise to the expense required or requires hospitalization and the expense is directly related to the treatment of such illness, injury, or medical condition, including obstetrical care; and

(3) The Office of Medical Services (M/MED) or a Foreign Service medical provider (FSMP) determines that the treatment is appropriate for, and directly related to, the illness, injury, or medical condition.

(e) The Mission Director may, on the advice of M/MED or an FSMP at post, authorize medical travel for the contractor or an eligible family member in accordance with the General Provision 10, Travel and Transportation Expenses (July 1993), section (i) entitled “Emergency and Irregular Travel and Transportation.” In the event of a medical emergency, when time does not permit consultation, the Mission Director may issue a Travel Authorization Form or Medical Services Authorization Form DS-3067, provided that the FSMP or Post Medical Advisor (PMA) is notified as soon as possible

Solicitation for a USPSC Program Officer – Juba, South Sudan
SOL-OFDA-14-000034

following such an issuance. The contractor must promptly file a claim with his or her medevac insurance provider and repay to USAID any amount the medevac insurer pays for medical travel, up to the amount USAID paid under this section. The contractor must repay USAID for medical costs paid by the medevac insurer in accordance with sections (f) and (g) below. In order for medical travel to be an allowable cost under General Provision 10, the contractor must provide USAID written evidence that medevac insurance does not cover these medical travel costs.

(f) If the contractor or eligible family member is not covered by primary health insurance, the contractor is the primary payer for the total amount of medical costs incurred. In the event of a medical emergency, the Medical and Health Program may authorize issuance of Form DS-3067, Authorization for Medical Services for Employees and/or Dependents, to secure admission to a hospital located abroad for the uninsured contractor or eligible family member. In that case, the contractor will be required to reimburse USAID in full for funds advanced by USAID pursuant to the issuance of the authorization. The contractor may reimburse USAID directly or USAID may offset the cost from the contractor's invoice payments under this contract, any other contract the individual has with the U.S. Government, or through any other available debt collection mechanism.

(g) When USAID pays medical expenses (e.g., pursuant to Form DS-3067, Authorization for Medical Services for Employees and/or Dependents), repayment must be made to USAID either by insurance payment or directly by the contractor, except for the amount of such expenses USAID is obligated to pay under this provision. The Contracting Officer will determine the repayment amount in accordance with the terms of this provision and the policies and procedures for employees contained in 16 FAM 521. When USAID pays the medical expenses, including medical travel costs (see section (e) above), of an individual (either the contractor or an eligible family member) who is covered by insurance, that individual promptly must claim his or her benefits under any applicable insurance policy or policies. As soon as the individual receives the insurance payment, the contractor must reimburse USAID for the full amount that USAID paid on the individual's behalf or the repayment amount determined by the Contracting Officer in accordance with this paragraph, whichever is less. If an individual is not covered by insurance, the contractor must reimburse USAID for the entire amount of all medical expenses and any travel costs the contractor receives from his/her medevac provider.

(h) In the event that the contractor or eligible family member fails to recover insurance payments or transfer the amount of such payments to USAID within 90 days, USAID will take appropriate action to collect the payments due, unless such failure is for reasons beyond the control of the USPSC/dependent.

(i) Before departing post or terminating the contract, the contractor must settle all medical expense and medical travel costs. If the contractor is insured, he or she must provide proof to the Contracting Officer that those insurance claims have been submitted to the insurance carrier(s) and sign a repayment agreement to repay to USAID any amounts paid by the insurance carrier(s).

“Employee” means an employee of the Contractor directly engaged in the performance of work under the contract who has other than a minimal impact or involvement in contract performance.

“Forced Labor” means knowingly providing or obtaining the labor or services of a person—

- (1) By threats of serious harm to, or physical restraint against, that person or another person;
- (2) By means of any scheme, plan, or pattern intended to cause the person to believe that, if the person did not perform such labor or services, that person or another person would suffer serious harm or physical restraint; or
- (3) By means of the abuse or threatened abuse of law or the legal process.

“Involuntary servitude” includes a condition of servitude induced by means of—

- (1) Any scheme, plan, or pattern intended to cause a person to believe that, if the person did not enter into or continue in such conditions, that person or another person would suffer serious harm or physical restraint; or
- (2) The abuse or threatened abuse of the legal process.

“Severe forms of trafficking in persons” means—

- (1) Sex trafficking in which a commercial sex act is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age; or
- (2) The recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery.

“Sex trafficking” means the recruitment, harboring, transportation, provision, or obtaining of a person for the purpose of a commercial sex act.

(b) *Policy.* The United States Government has adopted a zero tolerance policy regarding trafficking in persons. Contractors and contractor employees shall not—

- (1) Engage in severe forms of trafficking in persons during the period of performance of the contract;

- (2) Procure commercial sex acts during the period of performance of the contract; or
- (3) Use forced labor in the performance of the contract.

(c) *Contractor requirements.* The Contractor shall—

- (1) Notify its employees of—
 - (i) The United States Government’s zero tolerance policy described in paragraph (b) of this clause; and
 - (ii) The actions that will be taken against employees for violations of this policy. Such actions may include, but are not limited to, removal from the contract, reduction in benefits, or termination of employment; and
- (2) Take appropriate action, up to and including termination, against employees or subcontractors that violate the policy in paragraph (b) of this clause.

(d) *Notification.* The Contractor shall inform the Contracting Officer immediately of—

- (1) Any information it receives from any source (including host country law enforcement) that alleges a Contractor employee, subcontractor, or subcontractor employee has engaged in conduct that violates this policy; and
- (2) Any actions taken against Contractor employees, subcontractors, or subcontractor employees pursuant to this clause.

(e) *Remedies.* In addition to other remedies available to the Government, the Contractor’s failure to comply with the requirements of paragraphs (c), (d), or (f) of this clause may result in—

- (1) Requiring the Contractor to remove a Contractor employee or employees from the performance of the contract;
- (2) Requiring the Contractor to terminate a subcontract;
- (3) Suspension of contract payments;
- (4) Loss of award fee, consistent with the award fee plan, for the performance period in which the Government determined Contractor non-compliance;
- (5) Termination of the contract for default or cause, in accordance with the termination clause of this contract; or
- (6) Suspension or debarment.

(f) *Subcontracts.* The Contractor shall include the substance of this clause, including this paragraph (f), in all subcontracts.

(g) *Mitigating Factor.* The Contracting Officer may consider whether the Contractor had a Trafficking in Persons awareness program at the time of the violation as a mitigating factor when determining remedies. Additional information about Trafficking in Persons and examples of awareness programs can be found at the website for the Department of State’s Office to Monitor and Combat Trafficking in Persons at <http://www.state.gov/g/tip>.
